Emergency Department Compliance Manual, 2019 Edition McNew, 2019-04-23 Emergency Department Compliance Manual provides everything you need to stay in compliance with complex emergency department regulations including such topics as legal compliance questions and answers, find the legal answers you need in seconds, Joint Commission survey questions and answers, get inside guidance from colleagues who have been there, hospital accreditation standard analysis, learn about the latest Joint Commission standards as they apply to the emergency department and reference materials for emergency department compliance. The Manual offers practical tools that will help you and your department comply with emergency department related laws, regulations and accreditation standards. Because of the Joint Commission's hospital wide function based approach to evaluating compliance, it's difficult to know specifically what's expected of you in the ED. Emergency Department Compliance Manual includes a concise grid outlining the most recent Joint Commission standards which will help you understand your compliance responsibilities. Plus Emergency Department Compliance Manual includes sample documentation and forms that hospitals across the country have used to show compliance with legal requirements and Joint Commission standards. Previous Edition: Emergency Department Compliance Manual 2018 Edition ISBN 9781454889427

Sustainable Construction Materials and Technologies Yoon-Moon Chun, Peter Claisse, Tarun R. Naik, Eshmaiel Ganjian, 2007-05-31 The construction materials industry is a major user of the world's resources. While enormous progress has been made towards sustainability, the scope and opportunities for improvements are significant. To further the effort for sustainable development, a conference on Sustainable Construction Materials and Technologies was held at Coventry University, Coventry, U.K. from June 11th-13th, 2007 to highlight case studies and research on new and innovative ways of achieving sustainability of construction materials and technologies. This book presents selected important contributions made at the conference. Over 190 papers from over 45 countries were accepted for presentation at the conference, of which approximately 100 selected papers are published in this book. The rest of the papers are published in two supplementary books. Topics covered in this book include sustainable
