A Zen Wave Bashos Haiku And Zen:

A Zen Wave Matsuo Basho, 2003-10-01 Zen Buddhism distinguishes itself by brilliant flashes of insight and its terseness of expression The haiku verse form is a superb means of studying Zen modes of thought and expression for its seventeen syllables impose a rigorous limitation that confines the poet to vital experience Here haiku by Bash are translated by Robert Aitken with commentary that provides a new and far deeper understanding of Bash's work than ever before In presenting themes from the haiku and from Zen literature that open the doors both to the poems and to Zen itself Aitken has produced the first book about the relationship between Zen and haiku His readers are certain to find it invaluable for the remarkable revelations it offers *A Zen Wave* Robert Aitken, 2003 **A Zen Wave (Large Print 16pt)** Robert Aitken, 2010-05 Zen Buddhism distinguishes itself by brilliant flashes of insight and its terseness of expression The haiku verse form is a superb means of studying Zen modes of thought and expression for its seventeen syllables impose a rigorous limitation that confines the poet to vital experience Here haiku by Matsuo Basho 1644-94 the greatest Japanese haiku poet are translated by Robert Aitken with commentary that provides a new and deeper understanding of Basho's work than ever before In presenting themes from the haiku and from Zen literature that open the doors both to the poems and to Zen itself Aitken has produced the first book about the relationship between Zen and haiku His readers are certain to find it invaluable for the remarkable revelations it offers *Zen and the Brain: The James H. Austin Omnibus Edition (Meditating Selflessly, Zen-Brain Horizons, and Living Zen Remindfully)* James H. Austin, 2018-08-02 Three books on Zen and the brain by the celebrated Zen practitioner neurologist James Austin This compilation in digital form of three books by the celebrated Zen practitioner neurologist James Austin offers concrete advice about various methods of meditation provides timeless wisdom of Zen masters integrates classical Buddhist literature with modern brain research and explores mindfulness and mindfulness training In these books Austin clarifies the benefits of meditative training guiding readers toward that open awareness awaiting them on the cushion and in the natural world He discusses different types of meditation meditation and problem solving and the meaning of enlightenment addresses egocentrism self-centeredness and allocentrism other-centeredness and the blending of focal and global attention and considers the illuminating confluence of Zen clinical neurology and neuroscience He describes an everyday life of living Zen while drawing on the poetry of Basho the seventeenth century haiku master and illuminates the world of authentic Zen training the commitment to a process of regular ongoing daily life practice that trains and enables us to unlearn unfruitful habits develop more wholesome ones and lead a more genuinely creative life

The River of Heaven Robert Aitken, 2011-05-01 In this his final work American senior Zen Roshi Robert Aitken lovingly ties together two threads Zen practice and haiku Spirituality Health Known to many as the study of quiet stillness and introspection Zen Buddhism distinguishes itself through brilliant flashes of insight and its terseness of expression In *River of Heaven* these concepts and pillars lend themselves to an exploration of Haiku one of the most delicate and interpretive poetic

forms in the world The haiku verse form with its rigid structure and organic description is a superb means of studying Zen modes of thought because its seventeen syllables impose a limitation that confines the poet to vital experience In Haiku as in Buddhism the silences are as expressive as the words In this volume American Senior Zen Roshi Robert Aitken gives new insight into Haiku by poetic masters Basho Issa Buson and Shiki In presenting themes from Haiku and from Zen literature Aitken illuminates the relationship between the two Readers are certain to find this an invaluable and enjoyable experience for the remarkable revelation it offers I am grateful for Robert Aitken's enthusiastic sharing of poems in The River of Heaven together with his rich personal and cultural perspectives It is a book where the author joyfully calls each of us as readers to share in the transcendent joys of haiku Juxtapositions Aitken mines the meanings in these brief gems about nature impermanence travel awareness silence beauty being present the turn of the seasons and much more Spirituality Practice

Living Zen Remindfully James H. Austin, 2018-03-09 A seasoned Zen practitioner and neurologist looks more deeply at mindfulness connecting it to our subconscious and to memory and creativity This is a book for readers who want to probe more deeply into mindfulness It goes beyond the casual once in awhile meditation in popular culture grounding mindfulness in daily practice Zen teachings and recent research in neuroscience In Living Zen Remindfully James Austin author of the groundbreaking Zen and the Brain describes authentic Zen training the commitment to a process of regular ongoing daily life practice This training process enables us to unlearn unfruitful habits develop more wholesome ones and lead a more genuinely creative life Austin shows that mindfulness can mean more than our being conscious of the immediate now It can extend into the subconscious where most of our brain's activities take place invisibly Austin suggests ways that long term meditative training helps cultivate the hidden affirmative resource of our unconscious memory Remindfulness as Austin terms it can help us to adapt more effectively and to live more authentic lives Austin discusses different types of meditation meditation and problem solving and the meaning of enlightenment He addresses egocentrism self centeredness and allocentrism other centeredness and the blending of focal and global attention He explains the remarkable processes that encode store and retrieve our memories focusing on the covert helpful mindful processes incubating at subconscious levels And he considers the illuminating confluence of Zen clinical neurology and neuroscience Finally he describes an everyday life of living Zen drawing on the poetry of Basho the seventeenth century haiku master Poetic Leaps in Zen's Journey of Enlightenment Yong Zhi, 2012-08-09 While the philosophical discussion of Zen spirituality reaches its limit poetry offers an effective expression of the sublime experiences From a poetic perspective enlightenment is understood as poetic leaps in the spiritual journey which brings people from the habitually or conventionally established world toward new horizons of consciousness This leap is a breakthrough in the overall consciousness rather than a progression in contemplative thought Therefore it cannot be adequately described through abstract representation but poetry can metaphorically capture this leap and reveal both the spiritual meaning and the practical wisdom of enlightenment This book will take you on this fantastic

journey of enlightenment Sustainable Poetry Leonard M. Scigaj, 2021-12-15 Focusing on the work of A R Ammons Wendell Berry W S Merwin and Gary Snyder author Leonard Scigaj shows that just as a sustainable society does not depreciate its resource base so a sustainable poetry does not restrict interest to language Over the past thirty years many poets have shown an increasing sensitivity to ecological thinking But critics trained in poststructuralist language theory often fail to explore the substance of ecopoetry Scigaj is the first to define ecopoetry as separate and distinct from nature or environmental poetry marked by its concern with balancing the interests of human beings with the needs of nature Just as science learned that the earth was not the center of the universe ecopoetry insists on the recognition that humans are not at the center of the natural world Fables of the Self Rosanna Warren, 2008 Fables of the Self traces ideas of imagined selfhood through the lyric poetry of classical Greece and Rome the modernist poetry of France and modern and contemporary English and American lyrics Rosanna Warren's work emerges from the tradition of British and American poet critics such as William Empson Donald Davie and Randall Jarrell Her readings of Sappho Virgil Baudelaire Melville Rimbaud Mark Strand and Louise Gl ck among others combine Helen Vendler's passionate attention to detail and something of Harold Bloom's panoramic view Warren opposes both the literalizing autobiographical approach to self in so called confessional poetry and the other extreme of avant garde erasures of self Framing her critical studies between a memoir of childhood and a concluding journal entry Warren has composed an occult autobiography showing the imagination as a transfiguring and potentially moral force Minding the Earth, Mending the World Susan Murphy, 2014-04-21 Shunryu Suzuki Roshi founded the San Francisco Zen Center in 1962 and after fifty years we have seen a fine group of Zen masters trained in the west take up the mantle and extend the practice of Zen in ways that might have been hard to imagine in those first early years Susan Murphy one of Robert Aitken's students and dharma heirs is one of the finest in this group of young Zen teachers She is also a fine writer and following on the teaching of her Roshi she has engaged her spiritual work in the ordinary world dealing with the practice of daily life and with the struggles of all beings We know that our earth is in crisis but is the situation beyond repair Are we on a path of planetary disaster where the only proper response is to prepare for our melancholic dystopian future Is there a way out of our suspicious cynicism In the tradition of Thomas Berry using this spiritual opportunity to change the very nature of our crisis Susan Murphy offers a profound message subtly presented with clarity and assurance showing that engaged Buddhism provides a possible path to the necessary repair and healing
