Jimmy Yvorra first introduced the concept of the Eight Step Process for managing hazardous materials hazmat incidents when their highly regarded manual Hazardous Materials Managing the Incident was published. Now in its revised fourth edition, this text is widely used by fire fighters, hazmat teams, bomb squads, industrial emergency response teams, and other emergency responders who may manage unplanned hazardous materials incidents. As a result of changing government regulations and consensus standards, as well as the need for terrorism response training, Mr. Noll and Mr. Hildebrand have modified and refined their process of managing hazmat incidents and added enhanced content, tips, case studies, and detailed charts and tables. The Revised Fourth Edition contains comprehensive content covering Hazard assessment and risk evaluation, Identifying the problem and implementing the response plan, Hazardous materials properties and effects, Identifying and coordinating resources, Decontamination procedures, The Eight Step Process, Personal protective equipment selection, Procedures for terminating the incident. The Revised Fourth Edition's dynamic features include NFPA 1072 and 472 Correlation Guide for the Hazardous Materials Technician and Hazardous Materials Incident Commander levels, Correlation matrix to the National Fire Academy's Fire and Emergency Services Higher Education FESHE Bachelor's Non Core Managerial Issues in Hazardous Materials Course C0274, Realistic detailed case studies, Practical step by step skill drills, Important hazardous materials technician and safety tips. 2014, 510 pages. The first book to examine the rarely acknowledged Waverly Train Disaster of 1978, the catastrophic accident that changed America forever and led to the formation of FEMA. Coinciding with the 45th anniversary of the event, WALK THROUGH FIRE is a tribute to the first responders as well as an examination of the strengths and vulnerabilities in rural America. On the night of February 22, 1978, a devastating freight train derailment drastically altered Waverly, Tennessee, and its place in history. This was one of the worst train explosions of the twentieth century, killing 16 people, injuring hundreds more, and causing millions of dollars in damage. What could have been dismissed as a single community's terrible misfortune instead became the catalyst for radical change, including the formation of FEMA, much needed reforms in emergency response training, and the creation and enforcement of national and state safety regulations. Response to the disaster reshaped American infrastructure and laid the groundwork for the future of emergency management and disaster relief, and yet most Americans have never heard of Waverly. Dr. Yasmine S. Ali, an award-winning medical writer and Waverly native, sets out to change this in WALK THROUGH FIRE, drawing from over a decade of meticulous research and interviews with survivors, first responders, and other firsthand accounts, including those

of her own parents first generation Americans who were on call at the local hospital that treated the victims Ali weaves a compelling narrative of small town tragedy set against the broader backdrop of U S railroad history rural healthcare and other elements of American infrastructure that played a part in the creation and the aftermath of the Disaster A tribute to resiliency and a call to action WALK THROUGH FIRE tells the harrowing story of the Waverly Train Disaster from the perspectives of those who survived it and those who still feel its impact today illuminating how much a nation still has to learn from one small town in Tennessee The Waverly Train Disaster which happened just minutes away from where I live was one of the worst events ever to happen to the people of Waverly many of whom I have been honored to know and this amazing story of how they dealt with it has important lessons for all of us Like me Dr Yasmine Ali is from this part of the world and this book shows her dedication to sharing and honoring the history of her hometown Country Music legend LORETTA LYNN
