Attitudes American Writing Princeton Library:

Radical Representations Barbara Foley, 1993 In this revisionary study Barbara Foley challenges prevalent myths about left wing culture in the Depression era U S Focusing on a broad range of proletarian novels and little known archival material the author recaptures an important literature and rewrites a segment of American cultural history long obscured and distorted by the anti Communist bias of contemporaries and critics Josephine Herbst William Attaway Jack Conroy Thomas Bell and Tillie Olsen are among the radical writers whose work Foley reexamines Her fresh approach to the U S radicals debates over experimentalism the relation of art to propaganda and the nature of proletarian literature recasts the relation of writers to the organized left Her grasp of the left s positions on the Negro question and the woman question enables a nuanced analysis of the relation of class to race and gender in the proletarian novel Moreover examining the articulation of political doctrine in different novelistic modes Foley develops a model for discussing the interplay between politics and literary conventions and genres **Radical Representations** recovers a literature of theoretical and artistic value meriting renewed attention from those interested in American literature American studies the U S left and cultural studies generally

Counter-revolution of the Word Alan Filreis, 2012-09-01 During the Cold War an unlikely coalition of poets editors and politicians converged in an attempt to discredit if not destroy the American modernist avant garde Ideologically diverse yet willing to bespeak their hatred of modern poetry through the rhetoric of anticommunism these anticommunist antimodernists as Alan Filreis dubs them joined associations such as the League for Sanity in Poetry to decry the modernist conspiracy against form and language In **Counter revolution of the Word** Filreis narrates the story of this movement and assesses its effect on American poetry and poetics Although the antimodernists expressed their disapproval through ideological language their hatred of experimental poetry was ultimately not political but aesthetic Filreis argues By analyzing correspondence decoding pseudonyms drawing new connections through the archives and conducting interviews Filreis shows that an informal network of antimodernists was effective in suppressing or distorting the postwar careers of many poets whose work had appeared regularly in the 1930s Insofar as modernism had consorted with radicalism in the Red Decade antimodernists in the 1950s worked to sever those connections fantasized a formal and unpolitical pre Depression High Modern moment and assiduously sought to de radicalize the remnant avant garde Filreis s analysis provides new insight into why experimental poetry has aroused such fear and alarm among American conservatives *Faulkner: International Perspectives* Doreen

Fowler, 1984 Essays on William Faulkner s work from foreign perspectives **Howard Fast** Gerald Sorin, 2021-12-22 A biography of the Jewish American left wing author of *Spartacus* that explores his identity his work and his politics Howard Fast s life from a rough and tumble Jewish New York street kid to the rich and famous author of close to one hundred books rivals the Horatio Alger myth Author of bestsellers such as *Citizen Tom Paine* *Freedom Road* *My Glorious Brothers* and *Spartacus* Fast joined the American Communist Party in 1943 and remained a loyal member until 1957 despite being

imprisoned for contempt of Congress Gerald Sorin illuminates the connections among Fast's Jewishness his writings and his left wing politics and explains Fast's attraction to the Party and the reasons he stayed in it as long as he did Recounting the story of his private and public life with its adventure and risk love and pain struggle failure and success Sorin also addresses questions such as the relationship between modern Jewish identity and radical movements the consequences of political myopia and the complex interaction of art popular culture and politics in twentieth century America A notable study of a thorny protagonist whose life has much to reveal about the times in which he lived and about the interplay of political belief personal identity art and ambition Publishers Weekly Sorin has written a heavily researched critical biography of Fast The volume's strength is its explication and analysis of the complex social and political context of Fast's activism and creative work Sorin's lengthy critique of Fast's adherence to Communism long after most American writers and intellectuals had abandoned the party and his shameful public silence on Stalin's crimes and Soviet anti-Semitism are of significant import Recommended Choice An intriguing biography not least for its examination of how Fast interwove his political activism his Jewishness and his art during the heyday of McCarthyism Recommended Recorder Melbourne **Catalog of Copyright**

Embracing the Tune of Appearance: An Psychological Symphony within **Attitudes American Writing Princeton Library**

In a world used by displays and the ceaseless chatter of instant conversation, the melodic splendor and mental symphony produced by the published term frequently diminish in to the back ground, eclipsed by the persistent noise and interruptions that permeate our lives. But, set within the pages of **Attitudes American Writing Princeton Library** an enchanting fictional value filled with organic feelings, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, this fascinating masterpiece conducts readers on a mental journey, skillfully unraveling the concealed melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of the poignant analysis, we can discover the book is central harmonies, analyze their enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
