Aviation Terrorism Evolution Motivation And Escalation:

How Terror Evolves Yannick Veilleux-Lepage, 2020-08-07 This book contextualizes the use of terror as part of wider movements of political contention demonstrating that terroristic innovation occurs as part of wider historical processes rather than in a vacuum Drawing on evolutionary theory this study explains how terroristic groups innovate upon transform and abandon techniques of political violence in order to advance their causes against the state The book further traces the processes through which the use of aircraft as weapons of destruction developed from the first instances of aircraft hijacking in 1930s Peru through Palestinian terrorism in the 1960s and 1970s up to its adoption by al Qaeda in the 1990s and leading to the 9 11 attack in 2001 This examination provides an essential focus on the techniques through which terror is achieved offering a novel understanding of the mechanisms of political violence and the implications of counterterrorism on the evolution of terrorism

Putting Terrorism in Context Gary LaFree, Laura Dugan, Erin Miller, 2014-11-24 Provides a comprehensive empirical overview of the nature and evolution of both modern transnational and domestic terrorism Based on statistical data from the world's largest terrorism database Will be of much interest to students of terrorism and political violence criminology political science and IR Security Studies

Air Transport Security Joseph S. Szylowicz, Luca Zamparini, 2018-08-31 The growing number of terrorist attacks throughout the world continues to turn the interest of scholars and governments towards security issues As part of the Comparative Perspectives on Transportation Security series this book provides a multidisciplinary analysis of the security challenges confronting air transportation The first part encompasses the industry's characteristics and the policy economic and regulatory issues shaping the security environment The second provides a comparative analysis of security policies and practices in several key countries

Evolution of U.S. Counterterrorism Policy Yonah Alexander, Michael B. Kraft, 2007-12-30 Including many older documents not available electronically or otherwise accessible this three volume set provides the first comprehensive collection of key documents statements and testimony on U S government counterterrorism policies as they have evolved in the face of the changing terrorist threats Selected executive and congressional materials highlight the government's diverse policy and program responses to terrorism The testimony statements and documents provide the public articulation and face to the largely important intelligence law enforcement preventative security measures and international cooperation used in the shadowy war against terrorism Recent entries provide a handy compilation of important post 9 11 materials For example useful background information on U S actions against Osama bin Laden the Taliban and Saddam Hussein and terrorism fundraising Also included are statements from the Reagan and other administrations that relate to disputes over the appropriate use of force Introductory chapters by Alexander and Kraft provide the historical context and analysis of previous and current U S counterterrorism policy including U S legislation For over two centuries America has faced occasional outbreaks of terrorism perpetrated by both indigenous and foreign groups But the spectacular bombing in Oklahoma City in 1995 and the

September 11 2001 attacks seemed to signify a new age frightening many Americans and destroying their sense of domestic security In addition U S citizens and interests have been increasingly affected by acts of terrorism abroad The challenges of terrorism therefore have required the United States to develop comprehensive strategies and programs to counter both conventional and unconventional threats nationally and globally

Christian Responses to Terrorism Gordon L. Heath, David Kirwa Tarus, 2017-11-01 How should Christians respond to terrorism and terrorists in their midst Terrorism is a global problem and no society on earth faces it alone The mainly Christian society of Kenya has suffered more than most as it attempts to counter the threat of al Shabaab Some pastors have asked for permission to carry guns Many Christians support government military action while others recommend pacifist stances and strive for dialogue and reconciliation with the Muslim community In this book ten Kenyan Christian thinkers and practitioners share their experiences and insights A response section from seven others including a Kenyan Muslim scholar enrich the discussion

Terrorism Laura K. Egendorf, 2000 In the wake of September 11 2001 the world has become more aware of the dangers of terrorism The contributors to this volume debate the seriousness of the threat the causes of terrorism and how the United States and international community should respond

Democracy and Counterterrorism Robert J. Art, Louise Richardson, 2007 A comparative study of the policies strategies and instruments employed by various democratic governments in the fight against terrorism

Drones and the Future of Air Warfare Michael P. Kreuzer, 2016-05-26 This book examines the evolution of airpower and specifically the growth and proliferation of Remotely Piloted Aircraft RPAs While most existing literature examines either the law or ethics of RPAs and some newer scholarship looks to the battlefield effectiveness the gains from strikes versus the potential for blowback etc this work investigates it from a broader military perspective It examines the strategy for employment of RPAs across the spectrum of warfare the potential deterrent value of RPAs in some circumstances and the resulting ability of RPAs to fundamentally shift the character of when and how wars are fought The central aim of this book is to evaluate the role of drones in warfare to date and make basic projections on how states will adopt RPAs and UCAVs in the future At the core is the goal of answering a broad underlying research question How will the RPA innovation impact military strategy and international security This book will be of much interest to students of airpower drone warfare military and strategic studies security studies and IR

Contemporary Issues in International Relations Mehmet Emin Erendor, Mehmet Fatih Öztarsu, 2020-03-04 Recent regional and global crises have changed the structure of international relations and cause countries to be inconsistent in their policies Examples of these include the protest demonstrations and political crises which started in the Middle East and African countries in 2010 known as the Arab Spring which had a major effect on Syria and the movement towards Brexit These emerging regional and global crises have highlighted the shortcomings of the discipline of international relations and the need for a new detailed study to be conducted The topics in this book have been carefully selected in order to provide a more objective assessment of the recent and ongoing problems of

the international community This volume will be a valuable resource for graduate undergraduate and post graduate students academics and researchers in the areas of cyber security international law international organizations and international relations
