The Bible and Jews in Medieval Spain Norman Roth, 2021-03-29 The Bible and Jews in Medieval Spain examines the grammatical exegetical philosophical and mystical interpretations of the Bible that took place in Spain during the medieval period The Bible was the foundation of Jewish culture in medieval Spain Following the scientific analysis of Hebrew grammar which emerged in al Andalus in the ninth and tenth centuries biblical exegesis broke free of homiletic interpretation and explored the text on grammatical and contextual terms While some of the earliest commentary was in Arabic scholars began using Hebrew more regularly during this period The first complete biblical commentaries in Hebrew were written by Abraham Ibn Ezra and this set the standard for the generations that followed This book analyses the approach and unique contributions of these commentaries moving on to those of later Christian Spain including the Qimhi family Nahmanides and his followers and the esoteric mystical tradition Major topics in the commentaries are compared and contrasted Thus a unified picture of the whole fabric of Hebrew commentary in medieval Spain emerges In addition the book describes the many Spanish Jewish biblical manuscripts that have remained and details the history of printed editions and Spanish translations for Jews and Christians by medieval Spanish Jews This book will appeal to scholars and students of medieval Spain as well as those interested in the history of religion and cultural history *Diccionario Ilustrado de la Biblia* Wilson M. La Santa Biblia, 1863 **La Santa Biblia ... Antigua version de Cipriano de Valera, cotejada con diversas traducciones, y revisada con arreglo á los originales Hebreo y Griego**, 1862 La santa Biblia, antigua version de C. de Valera, revisada, 1862 *Santa Biblia Versión Recobro*, 2012-02-01

A lo largo de los siglos se ha ido mejorando la traducción de la Biblia Por lo general cada traducción hereda algo de las anteriores y prepara el terreno para las siguientes Aunque una nueva traducción recibe ayuda de sus predecesoras debe ir siempre más allá La Versión Recobro del Nuevo Testamento siguiendo el precedente sentado por las versiones más reconocidas y usadas como referencia no sólo incorpora las lecciones aprendidas al examinar lo que hicieron otros sino que también ha procurado evitar cualquier prejuicio o imprecisión Esta versión guiada con frecuencia por otras tiene por objeto proveer la mejor expresión posible de la revelación contenida en la Palabra divina a fin de comunicarla con la mayor exactitud posible La traducción de la Biblia no sólo depende de un entendimiento apropiado del idioma original en que fue escrita sino también de la debida comprensión de la revelación divina contenida en la Palabra santa A través de los siglos el entendimiento que los santos han tenido de la revelación divina siempre se ha basado en la luz que ellos recibieron y dicho entendimiento ha tenido un progreso paulatino y constante La consumación de este entendimiento constituye la base de esta traducción y de sus respectivas anotaciones Por consiguiente esta traducción y las notas de pie de página pueden considerarse la cristalización del entendimiento de la revelación divina que los santos de todas partes han recibido en los últimos dos mil años Esperamos que la Versión Recobro pase a las futuras generaciones lo que ha recibido y prepare el terreno para ellas Siguiendo el principio general que se usa en la traducción del Nuevo Testamento primero escogimos el texto griego original basándonos en los manuscritos disponibles La Versión Recobro sigue por lo general el texto griego de Nestle Aland según consta en Novum Testamentum Graece 26a edición Sin embargo para precisar el contenido original de los versículos los traductores de la Versión Recobro prestaron especial atención al contexto esto es al capítulo al libro y a pasajes similares en el Nuevo Testamento Los manuscritos recientemente descubiertos o los más antiguos no son necesariamente los más exactos

por tanto la decisión en cuanto al texto de esta versión se basa primordialmente en el principio ya mencionado Cuando se usa un texto diferente al de Nestle Aland algunas veces se indica en las notas Las palabras en cursiva dentro del texto indican expresiones que no están presentes en el texto griego las comillas indican citas del Antiguo Testamento La Versión Recobro es el fruto de una extensa investigación en cuanto al significado del texto original y procura comunicar dicho significado en una forma concisa inteligible y legible En las ocasiones en que resulta difícil expresar el significado exacto del original se han agregado notas explicativas El tema propuesto en cada libro y el bosquejo que aparece al comienzo de cada uno de ellos se basan en hechos históricos y expresan el significado espiritual de cada libro Las notas de pie de página recalcan la revelación de la verdad la luz espiritual y la provisión de vida más que la historia la geografía y los personajes mismos Las referencias paralelas que aparecen en el margen conducen no sólo a otros versículos que contengan las mismas expresiones o describan los mismos hechos sino también a otros temas relacionados con la revelación espiritual de la Palabra divina *La Biblia*, 1828 **Revista de archivos, bibliotecas y museos**, 1909
