On Animals Susan Orlean, 2022-06-21 These pieces originally appeared in slightly modified form in The New Yorker Smithsonian the Atlantic and as an Amazon Original Copyright page **Free-Range Kids, Giving Our Children the Freedom We Had Without Going Nuts with Worry** Lenore Skenazy, 2009-04-20 A humorous yet poignant look into how much freedom American parents might be taking away from their children in the name of their safety Crazy or Not, Here I Come Dawn Jeronowitz, 2018-04-09 I would like to thank myself for the miracle of my being here today These are the words Dawn spoke before members of the FDA Psychopharmacologic Drug Advisory Committee Hearing in 2006 before she described her prescription drug related experience an ordeal that began five years earlier With a successful and coveted career in the concert tour arena a blossoming new relationship and her beloved dog Simon at her side Dawn sets off for a sunny vacation in Florida between tours But when she is prescribed an anti anxiety medication for a minor problem her charmed life quickly spirals into mania insomnia religious preoccupations impulsive actions grandiose behaviors suicidal ideation and psychosis The world altering events of September 11 further propel a delusional Dawn into a full blown paranoid psychotic war and she is brutally taken into custody involuntarily committed to a mental crisis institution and drugged even more In riveting detail Dawn takes the reader on a wild and terrifying ride of insanity As the drugs are flushed from her system she begins to regain control over her life and eventually flourish and now she shares her harrowing story to shed light on the dark epidemic of pharmaceutical drug generated violence suicide homicide and terrorism *Creative Brand Naming Strategies* Purnima Embranthiri, 2025-02-20 What makes a brand successful It s a complex question with many answers but one factor stands out clarity Successful brands share a clear message and a distinct point of difference In the intricate world of business and marketing where economic factors and human judgments create a fog clarity becomes crucial A brand must have a consistent and easily identifiable message even if it diversifies its products Branding is the language of business and despite the challenging decisions behind it a brand should always speak clearly to the market Consumers make quick decisions often in seconds unlike brand managers To win them over communication must be crystal clear Branding is akin to writing as William Wordsworth said Every great and original writer must himself create the taste by which he is to be relished This book explores the principles and practices of creating clear impactful brand names that resonate with consumers ensuring that your brand stands out in a saturated market Business Ninjas Stephanie Bulgarino-Weier, 2013-12 Meet two entrepreneurs who decide to purchase a small retail store With visions of wealth growing the business and a willingness to work hard the two believed that they could take their mom and pop shop to much bigger and better things Then the bottom dropped out In the span of three years one partner became seriously ill they lost their store lease and finally the company was forced to file bankruptcy Anger bitterness and frustration took the place of health happiness and hope as the two struggled to stay afloat This is the story of what they learned and how they survived it

Stephanie Bulgarino Weier provides a candid picture of the pitfalls you could face while trying to survive the inevitable ups and downs of starting a business In these economic times she believes entrepreneurs need the stealth skills of Business Ninjas to survive and thrive in a competitive business climate This personal and informative survival guide is a must read for any small businessman facing lost profits higher costs and tough competition from large corporations During the next decade the face of American business will change and when it does you must be ready for it About the Author Stephanie Bulgarino Weier is an author and entrepreneur Her trials with trying to save her business started out as a rant blog on the Web She and her husband run an entertainment and branding company they began over thirteen years ago They live on an organic winery ranch with their two sons in Agua Dulce California Publisher s website <http://sbprabooks.com> StephanieBulgarinoWeier Author s websites <http://www.StephanieWeier.com> and <http://www.BusinessNinjas.net>

Free-Range Kids, How to Raise Safe, Self-Reliant Children (Without Going Nuts with Worry) Lenore Skenazy, 2010-04-19 FREE RANGE KIDS has become a national movement sparked by the incredible response to Lenore Skenazy s piece about allowing her 9 year old ride the subway alone in NYC Parent groups argued about it bloggers blogged spouses became uncivil with each other and the media jumped all over it A lot of parents today Skenazy says see no difference between letting their kids walk to school and letting them walk through a firing range Any risk is seen as too much risk But if you try to prevent every possible danger or difficult in your child s everyday life that child never gets a chance to grow up We parents have to realize that the greatest risk of all just might be trying to raise a child who never encounters choice or independence
