The Paradigm of the Kingdom of God Dan Westerfield, 2023-04-11 The Paradigm of the Kingdom of God This book traces redemptive history from the Garden of Eden to the New Heaven and Earth through the paradigm of the kingdom of God Jesus Christ's saving work is the supreme event in all history but it takes place within the context of the kingdom When we follow God's plan of salvation through the kingdom's progress the events unfold like an immense novel because we see God's divine providence revealed through both biblical and secular accounts God initiates the kingdom paradigm when he tells Adam and Eve to be fruitful and multiply and rule Gen 1:28 This is a mandate to establish God's righteous kingdom on the earth and it is repeated to Noah and then Israel But the story of the Old Testament is that Adam and Eve Noah and his family and Israel all sin and rebel and cannot establish God's kingdom The New Testament tells us about Jesus Christ the Son of God coming to earth to become one of us He begins His ministry by proclaiming The time is fulfilled and the kingdom of God is at hand repent and believe in the gospel Mark 1:15 Jesus begins to fulfill the kingdom mandate He is fruitful and multiplies through spiritual children And Jesus begins to rule He teaches casts out demons calms storms heals the sick raises the dead and feeds the hungry He establishes a kingdom of His faithful followers But Jesus must also die for their sins and rise again so that they can be declared righteous fit for God's kingdom After Jesus ascends to heaven and establishes the Church the kingdom advances through the Church's ministry Understanding redemptive history through the kingdom paradigm differs from the long standing interpretations of Dispensationalism and Covenantalism These views are considered in this book but the focus is on how the kingdom is central to God's design for history Following its progress helps us see our location and roles in the fulfillment of God's divine plan This can inform our faith and increase Church unity as we glorify God through His amazing plan of redemption

**The Globalization of Pentecostalism** Murray Dempster, Byron D. Klaus, Douglas Petersen, 2011-08-01 This book comprising a sweeping range of well documented articles on Pentecostal theology hermeneutics missiology and the social sciences provides for the student of Pentecostals a window on contemporary Pentecostal scholarship that discloses vigorous engagement with critical issues The editors have provided a resource that promises to stimulate further research and reflection William Menzies Chancellor Asia Pacific Theological Seminary Baguio City Philippines Excerpts from Respondents Jose Miguez Bonino on Changing Paradigms An updating of Pentecostal thinking on a whole spectrum of theological disciplines systematics missiology biblical studies history and praxis a wealth of information and reflection Vinay Samuel on Global Culture Global Pentecostalism can bring a new impetus to the movement for Christian unity it has much to contribute to the shaping of a new 21st century definition for Christian unity Harvey Cox on A Postmodern World There was a time when Pentecostals warned themselves and anyone else who would listen not to become entangled with and dependent on the things of the world Pentecostals were suspicious of the passing fads of stylish clothing the latest hairdo and glitzy new consumer products They were also as it turns out rightly suspicious that the

powerful new mass media could be a seductive lure tricking people into the empty values of the consumer market culture Perhaps it is time for a rebirth of that ethic of simplicity that suspicion for the things for the world for which the early Pentecostals were so famous **B Paradigm** MR Lennox Zamore,2014-09-13 The Holy Spirit birthed the church and is the executor of its life and growth At the inception of the church the Holy Spirit instructed the apostles to separate Barnabas and Paul for the work of the ministry Barnabas and Paul were not just two individuals but ways of growing the church two paradigms Joses nicknamed Barnabas the only person besides the Holy Spirit called parakletos or comforter would grow the church inward and Paul would grow it outward This book reveals that growth is a principle embedded in all living things and when conditions are ideal growth is automatic These critical elements for automatic growth is what I call the b Paradigm

*Ancient-Future Faith* Robert E. Webber,1999-11 In a world marked by relativism individualism pluralism and the transition from a modern to a postmodern worldview evangelical Christians must find ways to re present the historic faith In his provocative new work *Ancient Future Faith* Robert E Webber contends that present day evangelicalism is a product of modernity Allegiance to modernity he argues must be relinquished to free evangelicals to become more consistently historic Empowerment to function in our changing culture will be found by adapting the classical tradition to our postmodern time Webber demonstrates the implications in the key areas of church worship spirituality evangelism nurture and mission Webber writes The fundamental concern of *Ancient Future Faith* is to find points of contact between classical Christianity and postmodern thought Classical Christianity was shaped in a pagan and relativistic society much like our own Classical Christianity was not an accommodation to paganism but an alternative practice of life Christians in a postmodern world will succeed not by watering down the faith but by being a counter cultural community that invites people to be shaped by the story of Israel and Jesus A substantial appendix explores the development of authority in the early church an important issue for evangelicals in a society that shares many features with the Roman world of early Christians Students professors pastors and laypeople concerned with the churchs effective response to a postmodern world will benefit from this paradigmatic volume Informative tables and extensive bibliographies enhance the books educational value Amazon **Church Planting in the Secular West** Stefan Paas,2016-11-03 An expert study of church planting in the most secular part of contemporary Europe In this book Stefan Paas offers thoughtful analysis of reasons and motives for missionary church planting in Europe and he explores successful and unsuccessful strategies in that post Christian secularized context Drawing in part on his own involvement with planting two churches in the Netherlands Paas explores confessional motives growth motives and innovation motives for church planting in Europe tracing them back to different traditions and reflecting on them from theological and empirical perspectives He presents examples from the European context and offers sound advice for improving existing missional practices Paas also draws out lessons for North America in a chapter coauthored with Darrell Guder and John Franke Finally Paas weaves together the various threads in the book with a theological defense of church

local youth group While both are important Networks for Faith Formation argues that a far wider set of relationships are needed to help faith grow The aim of Networks for Faith Formation is to describe and commend eight key networks relational bonds that nurture and nourish faith The eight networks are bedroom practices personal faith church family friends mentors small groups events and gatherings and mission and service The description of each network draws on biblical studies practical theology and the social sciences and practical ideas for helping young people engage with such networks are included throughout the book In a context where some overlook the complexity of spiritual formation Networks for Faith Formation is an important resource for church leaders youth ministers and parents seeking to help young people grow in faith Since relational bonds are key for people of any age it can also help all within the church understand the need for relationships in spiritual growth
