A Work of Heart: God Shapes Spiritual Leaders

Understanding how God shapes spiritual leaders by McNeal is a book about leadership. The author presents leadership from the biblical point of view as well as his point of view, having been a leader for over twenty years, serving as the director of leadership development for the South Carolina Baptist Convention. His biblical perspective of leadership focuses on the heart of a leader rather than leadership being a technique or a motivation. The book draws its examples from the studies of the Biblically renowned leaders such as Moses, David, Paul, and Jesus. The author, McNeal, elucidates six formulaic key factors from the Biblical leaders that are key requirements in shaping the heart of every leader. The approach given by McNeal to leadership seamlessly integrate the outlined biblical source and the existing theories of leadership such as the contemporary psychology and organizational theory. Most Christian writings fail to explore three key factors that determine a good leader. The most ignored factors include culture, community, and commonplace. According to McNeal (2011), culture plays a key role in preparing leaders for their specific ministries. Community, on the other hand, is responsible for supporting and complementing the leaders towards their ministries while commonplace gives the leaders the needed experience that happens in the limelight of the leadership. The author contextualizes his biblical narratives to give a vivid description of the leadership from the perspective of Jesus Christ. Every leader reading this book will find it a valuable premier that will make them to reflect on their roles as leaders.

The author has written the book to the heart of every leader. It explores key aspects of leadership such as self-actualization and understanding. It expounds on the importance of self-understanding as a key part of the leadership ministry. The author guides the reader through how God used to shape the leaders in their journey to self-understanding. The book focuses on how God shapes the heart of leaders by examining the four major biblical leaders whose lives are great drama, according to the author. The author separates the plots of these leaders to several storylines reflecting on various areas of God's actions. The author emphasizes the process, arguing that the shaping of the leaders' heart must include all the six key factors which include the call, culture, community, conflict, communion, and the commonplace.

According to McNeal (2011), every biblical leader operated on given principles. The author dissects the lives of the four biblical leaders to bring out the heart shaping principles on which every leader operated. From the book, the author brings out a sense of process from every leader. He starts with Moses, whom he describes his journey to leadership as a practice of learning to lead out of deficiency. When God chose Moses, there was nobody fit to lead the Israelites out of Egypt. God required an individual through which He can manifest His might and power. For David, his leadership process is manifested from learning to live out of the call. David was chosen while grazing. His father never thought he could be a leader and therefore, did not parade him when Samuel asked for his sons.

Nonetheless, God saw much in him that his father could not see. After being anointed, David was steadfast in seeking the heart of God. As a result, God-shaped David's heart to that of a leader. Paul is also given as an example by the author. The author takes the reader through the process in which
