A Woman's Place A Novel:

A Woman's Place Barbara Delinsky, 2009-10-13 Everything Claire Raphael has she's earned on her own. The hard way. She built her part-time business up from nothing and made it successful through her imagination, creativity, and hard work. She has two great children and Dennis, a husband she loves completely. Then one evening when Claire returns from a difficult business trip, Dennis hands her divorce papers along with a court order to vacate their house. Claire is devastated. She had no idea her marriage was on the brink of disaster that Dennis had been planning this ambush for weeks, if not months, or that her hectic but happy life was about to come crashing down around her. Claire doesn't know where to turn or whom to trust. But in a few short weeks, she learns what so many women have had to discover: that when the going gets tough, a woman's as tough as she needs to be.

A Woman's Place Lynn Austin, 2006-11-01 They watched their sons, their brothers, and their husbands enlist to fight a growing menace across the seas. And when their nation asked, they answered the call as well. Virginia longs to find a purpose beyond others' expectations. Helen is driven by a loneliness money can't fulfill. Rosa is desperate to flee her in-laws' rules. Jean hopes to prove herself in a man's world. Under the storm clouds of destruction that threaten America during the early 1940s, this unlikely gathering of women will experience life in sometimes startling new ways as their beliefs are challenged and they struggle toward a new understanding of what love and sacrifice truly mean.

Woman's Place In The Novels Of Henry James Elizabeth E Allen, 1984-06-21 **A woman's place?** Ciara Meehan, 2023-02-28 This book explores representations of the domestic in Irish women's magazines. Published in 1960s Ireland during a period of transformation, they served as modern manuals for navigating everyday life. Traditional themes—dating, marriage, and motherhood—dominated. But editors also introduced conflicting voices to complicate the narrative. Readers were prompted to reimagine their home life, and traditional values were carefully subverted. The domestic was shown to be a negotiable concept in the coverage of such issues as the body and reproductive rights, working wives, and equal pay. Dominant societal perceptions of women were also challenged through the inclusion of those who were on the margins: widows, unmarried mothers, and never-married women. This book considers the motivations of editors, the role of readers, and the influence of advertisers in shaping complex debates about women in society in 1960s Ireland.

A Woman's Place Katherine Yorke, 1984 **A Woman's Place** Norton Juster, 1996 The period between the Civil War and the turn of the century was a time of great social upheaval in the United States. Lured by the promises of industrialization, much of the rural population moved to the cities, but those who remained in the countryside were isolated from the rapid changes in American society. Women found themselves torn between the battle for women's rights, being hotly debated in the cities, and the traditional role of homemaker, mother, and helper that was the norm in rural areas. In *A Woman's Place*, Norton Juster brings this turbulent period of American history to life using a broad sampling of articles, letters, poems,

and essays taken from the popular literature of the time While these publications recognized the hardship that characterized the lives of their readers they upheld the idealized vision of the farmer s wife It is this historical conflict between the independent woman and the traditional female role that makes **A Woman s Place** important reading today **A Woman's Place** Katherine Yorke,Nicola Thorne,1983 **A Woman's Place** Shirley Morahan,1981-06-30 A truly liberated rhetoric and reader has at last become available to courses in composition with the publication of **A Woman s Place** This unique textbook explores the notion of writing as self definition and as a consequence the relationship between gender and writing Convinced that writing is a meaningful process performed with commitment Dr Morahan has created a course that simultaneously sharpens writing and thinking skills and contributes to the consciousness raising of women and men in today s world Her pedagogy for liberation creates a student centered classroom in which a spirit of collaboration replaces one of competition by means of peer editing tutorial approaches and small group activities The literary passages of **A Woman s Place** are both stylistically and thematically tied in with the lessons directly At the same time they function as a compact women s studies course Research and writing are organized around a cluster of shared themes problems that all students are addressing in their lives power vs powerlessness passivity vs action identity oppression vs freedom and the nurturance of creativity Taken from the works of professional writers including such well known individuals as Adrienne Rich Tillie Olsen Joan Didion Virginia Woolf Margaret Mead Mary Wollstonecraft Jonathan Swift and Sylvia Plath they are often accompanied by short excerpts from student essays Useful bibliographical notes suggest further readings **A Woman's Place** Carolyn Osiek,2009-12-01 This focused look at women in the household context discusses the importance of issues of space and visibility in shaping the lives of early Christian women Several aspects of women s everyday existence are investigated including the lives of wives widows women with children female slaves women as patrons household leaders and teachers In addition several key themes emerge hospitality dining practices and the extent of female segregation
