Silent Terrorism A Look at American Racism and Hypocrisy George Foster, 2021-07-29 The last six words in the Pledge of Allegiance With liberty and justice for all continue to ring hollow for many Americans and will continue to do so until it becomes clear to all Americans that it is as difficult for the African American community to see justice in the continued murders of unarmed black men at the hands of men and women in blue as it was for white America to see justice in the acquittal of O J Simpson in the murder of Nicole Brown Simpson twenty plus years ago Silent Terrorism A Look at American Racism and Hypocrisy was written in hopes of opening dialogue and stimulating conversation about race in America I have been blessed to travel to many countries outside the United States of America giving me a very good understanding and appreciation of the benefits of being born a citizen of the greatest country in the world As great as this nation is as a whole as honorable as its ideals are the founding fathers left huge holes in its foundation related to race and racism which continue to divide our nation today The tactics techniques and procedures TTPs used by racist men in our society today differ from those of their forefathers Their TTPs continue to evolve change and are embedded in every facet of our lives our justice system and our government which from its inception has been a state sponsor of terrorism racism within its borders One can argue that many of the atrocities committed by the founding fathers and other immigrants from Great Britain were necessary to establish and build this nation that excuse cannot be used to explain the continued racism voter disenfranchisement repealing of the Voting Rights Act many of today s laws and a grand jury system that continues to allow for the murders of unarmed black Americans Supreme Court Justice Antonin Scalia said most of the black scientists in this country do not come from the most advanced schools and black students do better at slower tracked schools Scalia continued to express his racist views from the bench when he said students of color are being pushed into schools that are too advanced for them due to race conscious affirmative action policies

What's Killing America Jason Rantz, 2023-09-26 A stunning book about how America's biggest cities are being destroyed by progressive policies and woke Democrats Many Americans have no idea how badly our largest Democrat run cities have deteriorated We've been complacent for far too long assuming that the craziest elements of the radical Left would stay confined to the East and West coasts But crime drug addiction homelessness left wing school indoctrination so called inclusive housing policies and outrageous taxes don't stay within the big city limits of places like Los Angeles Chicago Portland New York Seattle and San Francisco The effects of ideologically driven left wing policies always spread which should alarm Americans regardless of their political leanings Jason Rantz is a prominent radio host a trusted

journalist and a frequent Fox News guest unafraid to go directly into the action He's grown a national following by breaking news the mainstream media won't covering the consequences of destructive leftist policies wherever they occur He was right there for the chaos in his hometown of Seattle when liberal anarchists declared an autonomous police free CHOP Zone He infiltrates the Antifa marches and knows firsthand how those radicals operate This is the shocking story of what he's learned Employing on the ground reporting and fact based analysis Rantz zooms out to conduct a fascinating detailed data driven study of how these liberal policies result in chaos misery and too often bloodshed He skillfully recounts the tragic events with a narrative reporter's eye for detail to tell the true story of what's happening in America's cities
