H. M. Versteegh,Mushira Eid,2006 The Encyclopedia of Arabic Language and Linguistics is a major multi volume reference work It is a unique collaboration of hundreds of scholars from around the world and covers all relevant aspects of the study of Arabic dealing with all levels of the language pre Classical Arabic Classical Arabic Modern Standard Arabic Arabic vernaculars mixed varieties of Arabic **Islam in Nineteenth-Century Wallo, Ethiopia** Hussein Ahmed,2021-10-01 While presenting an historical account of the internal dynamics of Islam in Wallo Ethiopia with particular emphasis on the modes of its introduction and dissemination and on its relationship with the Ethiopian state and regional power structure this book describes the background to and manifestations of the revival and consolidation of Islam in the region in the nineteenth century by assessing the role of Muslim scholars traders and chiefs in that process It also traces the origin of the tradition of Islamic renewal and reform and analyzes the response of Wallo Muslim religious intellectuals to the attempt of the Ethiopian Christian monarchs of the period to bring about the political unification of the kingdom by imposing a policy of religious coercion on the Muslims of Wallo Based largely on hitherto untapped oral and written indigenous sources and supplemented by external archival and documentary evidence the study is aimed at redressing the historiographical and interpretive imbalance embedded in the scholarly institutional and popular perceptions on Islam in Ethiopia **Eurasian Empires as Blueprints for Ethiopia** Asnake Kefale,Tomasz Kamusella,Christophe Van der Beken,2021-02-17 This book is a contribution to the global history of the transfer of political ideas as exemplified by the case of modern Ethiopia Like many non European nation states Ethiopia adopted a western model of statehood that is the nation state Unlike the postcolonial polities that have retained the mode of statehood imposed on them by their colonial powers Ethiopia was never successfully colonized leaving its ruling elite free to select a model of modern western statehood In 1931 via Japan they adopted the model of unitary ethnolinguistically homogenous nation state in turn copied by Tokyo in 1889 from the German Empire founded in 1871

Following the Ethiopian Revolution 1974 that overthrew the imperial system the new revolutionary elite promised to address the nationality question through the marxist leninist model The Soviet model of ethnolinguistic federalism originally derived from Austria Hungary was introduced in Ethiopia first in 1992 and officially with the 1995 Constitution To this day the politics of modern Ethiopia is marked by the tension between these two opposed models of the essentially central European type of statehood The late 19th century German German quarrel on the proper model of national statehood for Germany or more broadly modern central Europe remains the quarrel of Ethiopian politics nowadays The book will be useful for scholars of Ethiopian and African history and politics and also offers a case in comparative studies on the subject of different models of national statehood elsewhere *Luzac & Co.'s Oriental List* ,1912 The writings of the Muslim peoples of northeastern Africa John O. Hunwick,Rex Seán O'Fahey,2003 **Culture and Learning in Islam** Ekmeleddin İhsanoğlu,2003 This publication examines art the human sciences science philosophy mysticism language and literature For this task UNESCO has chosen scholars and experts from all over the world who belong to widely divergent cultural and religious backgrounds Publisher s description Islam Greville Stewart Parker Freeman-Grenville,Stuart C.
