Secret Manipulations Anne Storch, 2011-08-08 *Secret Manipulations* is the first comprehensive study of African register variation, polylectality and derived languages. Focusing on a specific form of language change, deliberate manipulations of a language by its speakers, it provides a new approach to local language ideologies and concepts of grammar and metalinguistic knowledge. Anne Storch concentrates on case studies from Nigeria, Uganda, Sudan, the African diaspora and 16th century Europe. In these cases, language manipulation varies with social and cultural contexts and is almost always done in secret. At the same time, this manipulation can be an act of subversion and an expression of power, and it is often central to the construction of social norms as it constructs oppositions and gives marginalized people a chance to articulate themselves. This volume illustrates how manipulated languages are constructed, how they are used, and how they wield power. **So You**

Want to Sing Spirituals Randy Jones, 2019-10-14 With their rich and complicated history, spirituals hold a special place in the American musical tradition. This soul-stirring musical form is irresistible to singers seeking to diversify their performance repertoire, but it is also riddled with controversy, especially for singers of non-African descent. Singer and historian Randy Jones welcomes singers of all backgrounds into the style while she explores its folk song roots and transformation into choral and solo vocal concert repertoire. Profiling key composers and pioneers of the genre, Jones also discusses the use of dialect and other controversial performance considerations. Contributed chapters address elements of collaborative piano studio teaching, choral arrangement, voice science, and vocal health as they apply to the performance of spirituals. The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing. Like all books in the series, *So You Want to Sing Spirituals* features online supplemental material on the NATS website. **The Traditional Teaching of**

the Ethiopian Orthodox Tāwahedo Church Christine Chaillot, 2023 Christine Chaillot's new book *The Traditional Teaching of the Ethiopian Orthodox Tāwahedo Church: Faith and Spirituality* presents a topic that is little if at all known outside Ethiopia, even in Christian circles. Moreover, it is a much neglected field in the wider study of African education. It is a teaching based on ancient texts and books taught orally to the students who will become the future clergy and who will then share their knowledge with the faithful in Church life. The studies of the different disciplines are pursued at different schools and at different levels in liturgy, theology, with commentaries of books of the Old and New Testaments, books of the Church fathers and monks, as well as composition of poems, genes, and iconography. All this teaching presented in the present volume is deeply related to the faith and spirituality of the Ethiopian Orthodox Church. This teaching is a unique intangible cultural heritage. One wonders, however, what its future will be in the context of the modern educational methods and social attitudes that have evolved in Ethiopia over the last half century. *Arabic Loanwords in Ethiopian Semitic* Wolf Leslau, 1990

Land and Society in the Christian Kingdom of Ethiopia Donald Crummey,2000 Land and Society in the Christian Kingdom of Ethiopia offers an original perspective on how the rulers of Ethiopia one of the great subcenters of agricultural innovation and development used land to support their dominion Crummey draws on all the surviving documents pertaining to the holding and granting of agricultural land in the Ethiopian highlands from the thirteenth to the twentieth century By examining how social relations affected the conditions for economic production and how people of power drew on the wealth created by society s basic producers he provides new insight into how ordinary farming and herding folk were incorporated into and affected by the institutions that ruled them
