Tomlinson, 2018-12-09 I have collected many many pulps over the years but at the back of my mind I always hoped to edit one My first job as editor of two trade newspapers deluded me I created a presentation and went to the publisher He listened but he never spoke about it I worked at many newspapers and magazines but no one was interested I founded a few magazines The Antediluvian Levee The Game's Afoot Different Deaths

Ride of the Horsemen etc I then tried to start the kind of magazine you hold It didn t work then though I just didn t have time to do it Finally in late 2018 I started working on it pulling writers and artists together doing some preliminary designs etc The first few issues came together so fast that I pressed on I didn t hesitate but got the first issue into print as soon as possible This book is a collection of nearly everything that appeared in the four issues of Phenomenal Stories Volume 1 There s also a best of collection magazine titled Lost Carcosa available *Science Fiction and Fantasy Literature Vol 2 R*. Reginald,2010-09-01 Science Fiction and Fantasy Literature A Checklist 1700 1974 Volume Two of Two contains Contemporary Science Fiction Authors II The History of the Science-fiction Magazine Michael Ashley,2000 This third volume in Mike Ashley s four volume study of the science fiction magazines focuses on the turbulent years of the 1970s when the United States emerged from the Vietnam War into an economic crisis It saw the end of the Apollo moon programme and the start of the ecology movement This proved to be one of the most complicated periods for the science fiction magazines Not only were they struggling to survive within the economic climate they also had to cope with the death of the father of modern science fiction John W Campbell Jr while facing new and potentially threatening opposition The market for science fiction diversified as never before with the growth in new anthologies the emergence of semi professional magazines the explosion of science fiction in college the start of role playing gaming magazines underground and adult comics and with the success of Star Wars media magazines This volume explores how the traditional science fiction magazines coped with this from the death of Campbell to the start of the major popular science magazine Omni and the first dreams of the Internet
