At Whatever Cost The Story Of The Dieppe Raid:

At Whatever Cost - The Story Of The Dieppe Raid R.W. Thompson,2013-05-31 The Dieppe Raid is perhaps the best known and the least known about of all the important actions of the Second World War The complete facts were never made known to the public and the scrappy bits and pieces published at the time created a sense of frustration and unease Sir Winston Churchill wrote Military opinion seemed unanimous that until an operation on that scale was undertaken no responsible General would take the responsibility of planning for the main invasion Thompson s book is history very old fashioned history and he has done his utmost to lay down the facts clearly The brief snatches of dialogue quoted are authentic usually word for word but always sticking to the simple sense of what is known to have been said For example Sergeant Dubuc being a French Canadian may have cried *Sauve qui peut* the moment after he had killed the German guard He certainly said something very like that in French or English **At Whatever Cost** Reginald William Thompson,1956 Dieppe 1942: Reconnaissance In

Force With Strategic Overtones Colonel Lewis M. Boone,2014-08-15 In the early hours of August 19 1942 an amphibious force of approximately 6000 troops primarily Canadians of the 2nd Infantry Division approached the coast of France Their destination was the small port of Dieppe and their mission was to foster German fear of an attack in the West and compel them to strengthen their Channel defenses at the expense of other operational areas Their secondary purpose was to learn as much as possible about new techniques and equipment and gain experience and knowledge necessary for a future great amphibious assault By early afternoon 807 Canadians lay dead in and around Dieppe Another 100 would die of wounds and in captivity and about 1900 more would sit out the rest of the war in POW camps The intent of this paper is not to refight the battle in detail but to examine the strategic implications of the raid in terms of future operations by the Allies This paper will also inform the reader on the utility of the mission given the tragic loss of life that day Historians still debate whether Dieppe was a needless slaughter or a precursor for success at Normandy on 6 June 1944 *World War II* Spencer C.

Tucker,2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of

German military resources on the Eastern Front affected the war's outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research *Special Bibliographic Series* US Army Military History Research Collection,1978 Special Bibliography ,1977 The Era of World War II Louise A. Arnold-Friend,1979 *Green Beach* James Leasor,2015-05-10 In 1942 radar expert Jack Nissenthall volunteered for a suicidal mission to join a combat team who were making a surprise landing at Dieppe in occupied France His assignment was to penetrate a German radar station on a cliff above Green Beach Because Nissenthall knew the secrets of British and US radar technology he was awarded a personal bodyguard of sharpshooters Their orders were to protect him but in the event of possible capture to kill him His choice was to succeed or die The story of what happened to him and his bodyguards in nine hours under fire is one of World War II's most terrifying true stories of personal heroism Green Beach has blown the lid off one of the Second World War's best kept secrets Daily Express If I had been aware of the orders given to the escort to shoot him rather than let him be captured I would have cancelled them immediately Lord Mountbatten Green Beach is a vivid moving and at times nerve racking reconstruction of an act of outstanding but horrific heroism Sunday Express **Rangers in World War II** Robert W. Black,2010-11-17 From the deadly shores of North Africa to the invasion of Sicily to the fierce jungle hell of the Pacific the contribution of the World War II Ranger Battalions far outweighed their numbers They were ordinary men on an extraordinary mission experiencing the full measure of the fear exhaustion and heroism of combat in nearly every major invasion of the war Whether spearheading a landing force or scouting deep behind enemy lines these highly motivated highly trained volunteers led the way for other soldiers they were Rangers With first person interviews in depth research and a complete appendix naming every Ranger known to have served author Robert Black a Ranger himself has made the battles of WWII come to life through the struggles of the men who fought to win the greatest war the world has ever seen World History Book List for High Schools National Council for the Social Studies.
