For the Body Timothy C. Tennent, 2020-11-17 An in depth look at what it means to be created in the image of God and how our bodies serve as icons that illuminate God s purposes instead of ours The human body is an amazing gift yet today many people downplay its importance and fail to understand what Christianity teaches about our bodies and their God given purposes Many people misunderstand how the body was designed its role in relating to others and we lack awareness of the dangers of objectifying the body divorcing it from its intended purpose Timothy Tennent covers topics like marriage family singleness and friendship and he looks at how the human body has been objectified in art and media today For the Body offers a biblical framework for discipling people today in a Christian theology of the body Tennent theologian and president of Asbury Theological Seminary explores the contours of a robust Christian vision of the body human sexuality and the variety of different ways we are called into relationships with others This book will reveal a theological vision that Informs our self understanding of our own bodies Examines how we treat others Reevaluates how we engage today s controversial and difficult discussions on human sexuality with grace wisdom and confidence For the Body is a call to a deeper understanding of our bodies and an invitation to recapture the wonder of this amazing gift

Feminist Spaces Ann Oberhauser, Jennifer Fluri, Risa Whitson, Sharlene Mollett, 2017-09-27 Feminist Spaces introduces students and

academic researchers to major themes and empirical studies in feminist geography. It examines new areas of feminist research including embodiment, sexuality, masculinity, intersectional analysis, and environment and development. In addition to considering gender as a primary subject, this book provides a comprehensive overview of feminist geography by highlighting contemporary research conducted from a feminist framework which goes beyond the theme of gender to include issues such as social justice, activism, disability, and critical pedagogy. Through case studies, this book challenges the construction of dichotomies that tend to oversimplify categories such as developed and developing, urban and rural, and the Global North and South without accounting for the fluid and intersecting aspects of gender, space, and place. The chapters weave theoretical and empirical material together to meet the needs of students new to feminism as well as those with a feminist background but new to geography through attention to basic geographical concepts in the opening chapter. The text encourages readers to think of feminist geography as addressing not only gender but a set of methodological and theoretical perspectives applied to a range of topics and issues. A number of interactive exercises, activities, and boxes or case studies illustrate concepts and supplement the text. These prompts encourage students to explore and analyze their own positionality as well as motivate them to change and impact their surroundings. *Feminist Spaces* emphasizes activism and critical engagement with diverse communities to recognize this tradition in the field of feminism as well as within the discipline of geography. Combining theory and practice as a central theme, this text will serve graduate-level students as an introduction to the field of feminist geography and will be of interest to students in related fields such as environmental studies, development, and women's and gender studies.

Outsiders Zachary Kramer, 2019-01-23 What is the future of civil rights? Like a living thing, discrimination evolves, adapting to its time. As discrimination becomes more individualized, as difference becomes more pronounced, we need a civil rights that is attuned to the way identity is performed today. *Outsiders* is filled with stories that demand attention: stories of people whose search for identity has cast them to the margins. Their stories reveal that we need to refresh our vision of civil rights. Taking its cue from religious discrimination law, *Outsiders* proposes two major changes to civil rights law. The first is a right to personality. Identity comes from within. The goal of civil rights law should be to take people as they come, to let each of us determine who we are and how we relate to the world around us. The second change is a shift in how the law responds to discrimination. The critical question driving equality law should be whether there is space to accommodate a person's identity. Accommodations are about respecting difference, not erasing it. Accommodations are a way to bring outsiders in. *Outsiders* seeks to change the way we think about identity, equality, and discrimination. It argues that difference, not sameness, should be the cornerstone of civil rights. Mixing doctrine and theory, art and personal narrative, *Outsiders* proposes a civil rights for everyone. Being different is universal. We are all outsiders. *The Kaleidoscope of Gender* Catherine G. Valentine, Mary Nell Trautner, Joan Z. Spade, 2019-03-07 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award, enabling graduate students and early-career faculty to attend the annual ASA pre-

conference teaching and learning workshop The Kaleidoscope of Gender Prisms Patterns and Possibilities provides an accessible timely and stimulating overview of the cutting edge literature and theoretical frameworks in sociology and related fields in order to understand the social construction of gender The kaleidoscope metaphor and its three themes prisms patterns and possibilities unify topic areas throughout the book By focusing on the prisms through which gender is shaped the patterns which gender takes and the possibilities for social change the reader gains a deeper understanding of ourselves and our relationships with others both locally and globally Editors Catherine Valentine Mary Nell Trautner and the work of Joan Spade focus on the paradigms and approaches to gender studies that are constantly changing and evolving The Sixth Edition includes incorporation of increased emphasis on global perspectives updated contemporary social movements such as BlackLivesMatter and MeToo and an updated focus on gendered violence

The Weaponization of Loneliness Stella Morabito,2022-11-02 Do you keep your opinions to yourself because you re afraid people will reject you Do you sign on to a cause just because everyone around you acts like it s the right thing to do Welcome to The Weaponization of Loneliness Tyrants of all stripes want to tell you what to believe and how to live your life They get away with it by using the most potent weapon at their disposal your fear of ostracism This book explains how dictators from the French Revolution to the Communist Party of China to today s globalists aim to atomize us in order to control us We fall for it because our need to connect with others and our fear of social rejection are so hardwired that they trigger our conformity impulse These dynamics can even cause us to comply with evil orders We all need a better understanding of how the merchants of loneliness power elites in Big Tech Big Media Big Government academia Hollywood and the corporate world exploit our terror of social isolation Their divide and conquer tactics include identity politics political correctness and mob agitation Their media monopoly spawns the propaganda essential to demonization campaigns censorship cancel culture snitch culture struggle sessions the criminalization of comedy and the subversion of society s most fundamental institutions It all adds up to a machinery of loneliness Ironically people tend to comply with this machinery to avoid loneliness but such compliance only isolates us further The Weaponization of Loneliness offers a message of hope We can resist this psychological warfare if we have strong bonds in our families faith communities and friendships Let s resolve to talk to one another openly and often especially about the consequences of giving in to social pressures and media hype Indeed totalitarians always seek to destroy private life because it is the very fount of freedom

The Critical Thinking Toolkit Galen A. Foresman,Peter S. Fosl,Jamie C. Watson,2016-08-29 The Critical Thinking Toolkit is a comprehensive compendium that equips readers with the essential knowledge and methods for clear analytical logical thinking and critique in a range of scholarly contexts and everyday situations Takes an expansive approach to critical thinking by exploring concepts from other disciplines including evidence and justification from philosophy cognitive biases and errors from psychology race and gender from sociology and political science and tropes and symbols from rhetoric Follows the proven format of The Philosopher s Toolkit and The Ethics

Toolkit with concise easily digestible entries see also recommendations that connect topics and recommended reading lists
Allows readers to apply new critical thinking and reasoning skills with exercises and real life examples at the end of each chapter
Written in an accessible way it leads readers through terrain too often cluttered with jargon
Ideal for beginning to advanced students as well as general readers looking for a sophisticated yet accessible introduction to critical thinking

Caitlyn Jenner Carla Mooney, 2016-07-15
Countless media outlets reported it 2015 was the year of identity And by and large Caitlyn Jenner was a central figure in forging that dialogue When she revealed her gender identity as a trans woman Jenner shocked the public with her frankness bringing awareness of transgender rights into the public spotlight This biography tracks the life of one of America's most beloved athletes and television personalities putting emphasis on her role as a celebrity advocate for transgender individuals Sidebars highlight other celebrity figures who paved the way for Jenner and cover important topics such as language sensitivity and transgender suicide rates

Stigma, and Its Discontents

Kenneth McLaughlin, 2021-04-01
This engaging and thought provoking book interrogates the workings of stigma within a historical political and sociological framework In so doing it highlights the way in which particular individuals and groups are othered and the implications such a process has for how they are viewed and treated within society A discussion of the various ways in which stigma has been conceptualised is followed by an analysis of the workings of stigma within the sphere of social welfare The focus then turns to a consideration of the way specific groups and their allies have challenged their stigmatised status and in the process have utilised and developed our understanding of the theoretical political and practical ways in which stigma operates within society In paying particular attention to mental health disability and transgender politics the book highlights both the progressive and regressive aspects of theoretical and practical campaigns to challenge stigma In particular it gives warning as to the way such developments often exhibit a marked disdain for the public and have become institutionalised in such a way as to constitute a threat to our political freedom
