Bu Me Be Proverbs Of The Akans:

Bu Me Be Peggy Appiah,Anthony Appiah,Ivor Agyeman-Duah,2007 The most extensive bi lingual Twi Proverbs Dictionary published since JG Christaller s book was first published in 1879 Kwame Anthony Appiah s introduction demonstrates how these proverbs can be interpreted within the tested and contested theories of meaning and literary production to show how they compare with philosophical musings from ancient Greece to England An invaluable collection of over 7000 proverbs that speak to the nuances of Akan and Asante life thought belief and social organisation **Bu Me Be** Peggy Appiah,Anthony Appiah,Ivor Agyeman-Duah,2003 The Asantes and to a large extent the Akans of Ghana are a proverbs people who over the past 400 years built empires and civilizations One can fully understand and appreciate the philosophy and other cultures of these African people without understanding their proverbs In ancient days education in many African traditional societies involved oral not written communication Even today this is still the case since proverbs continue to function as a way to reinforce moral and social precepts and they teach the philosophy and ways of the community its customs and its prejudices The proverbs collected in this book provide a richness of poetic imagery and vision distilling the best of Asante language and oral tradition In addition they give inspiration to drum and horn language and provide depth to the funeral dirges and the appellations of Asante and Akan chiefs and the traditional political and religious rulers They are also used symbolically in many items of stool paraphernalia where visual designs have associated proverbial meanings *Bu Me be* Peggy Appiah,Anthony Appiah,Ivor Agyeman-Duah,2001 **Witchcraft, Witches, and Violence in Ghana** Mensah Adinkrah,2015-08-01 Witchcraft violence is a feature of many contemporary African societies In Ghana belief in witchcraft and the malignant activities of putative witches is prevalent Purported witches are blamed for all manner of adversities including inexplicable illnesses and untimely deaths As in other historical periods and other societies in contemporary Ghana alleged witches are typically female elderly poor and marginalized Childhood socialization in homes and schools exposure to mass media and other institutional mechanisms ensure that witchcraft beliefs are transmitted across generations and entrenched over time This book provides a detailed account of Ghanaian witchcraft beliefs and practices and their role in fueling violent attacks on alleged witches by aggrieved individuals and vigilante groups The Johannine Gospel's Concept of Community Godibert Kelly Gharbin,2025-05-27 The Johannine Gospel s Concept of Community takes an interdisciplinary approach to contextualizing the New Testament in an African milieu which helps Johannine scholarship intersect with Akan anthropology and sociology through a tripartite frame of interpretation a narratological analysis of community oriented narratives in John the exegesis of the Akan concept of community encapsulated in their proverbial lore the anthology of inestimable information about the Akan conceptualization of communitarianism and an engagement between the two conceptual schemes through an intercultural reading The methodological principles utilized foster a cross pollination of ideas between the Johannine characterization of a community of God and the community concept present in Akan maxims This

allows the Akan concept of communitarianism to enrich the reader's understanding of the text. It also allows John's theology of community revealed in what Jesus epitomizes prescribes and proscribes for the believing community to serve as a form of discernible evaluation for Akan and other believers on the *modus vivendi* redolent of a believing community. In the end, it forces a redefinition of community replacing the anthropocentric individualistic and acquisitive elements that have typified the human community with a theocentric and authentically collectivist approach.

Music as Cultural Text Babacar M'Baye, Fallou Ngom, Khadimou Rassoul Thiam, Alioune Willane, 2025-05-26 African music's most distinctive feature is the urbalexuality that transpires through its diversity and plural functions and the specific geographical cultural religious linguistic political economic and social contexts from which it evolves. This music and its circum-Atlantic offspring are characterized by wisdom, subtlety, resilience, and creativity. They are cultural texts marked by an openness to other customs and societies since they maintain authenticity that does not foreclose hybridity, cosmopolitanism, and other global human sensibilities. These elements have made West African music a transnational commodity and a source of inspiration and survival both on the continent and in the black diaspora. Such patterns characterize Pan-African musical traditions that thrive in several spaces where both plurality and authenticity are welcome. These characteristics are apparent in rich, complex, and vibrant musical cultures such as rap in Senegal, France, and Burkina Faso; Malian traditional music in Canada and France; hip life and hip hop in Ghana; Christian songs in Ghana and Nigeria; and ngoyaan, Cape Verdean *cabo* and *zouk* in Senegal. African music's distinctive features are also noticeable in Niger's guitar playing traditions and Tuareg oral poetry, as well as in Senegambian blues that influenced their African American offspring, whose imprints they bear. By exploring all these elements, the chapters in this book pay homage to the heterogeneity, memories, hope, pain, and humanity in the music of Africa and the black diaspora.

Paul and His Letters F. B. A. Asiedu, 2019-11-20 Paul the apostle and historian Flavius Josephus spent considerable parts of their careers away from Jerusalem. They cultivated Roman audiences under very different circumstances. Paul, with his Letter to the Romans, and Josephus, with the writings he produced in Rome after the Jewish War. Curiously, Paul's last visit to Jerusalem coincided with Josephus's entry into public life, a period about which Josephus is deliberately silent. In *Paul and His Letters: Thinking with Josephus*, F. B. A. Asiedu selects themes from Josephus's life to explore Paul's letters and biography that contribute to his uniqueness in Jewish history. He highlights, for example, the need to read Romans 9:11 as aporetic discourse to appreciate Paul as an existential thinker. Asiedu considers, among other things, the authenticity of Paul's letters and offers an alternative to the prevailing scholarly consensus. He also maintains that the Pauline collection in the New Testament first took shape in the house of Gaius in Corinth, where Paul composed his Letter to the Romans. Asiedu also suggests that the traditional view that Luke the physician wrote the Acts of the Apostles is probably a mistake. He argues that Titus the Greek, the coworker and friend of Barnabas and Paul, most likely authored it.
