Abandonment Theology:

Abandonment Theology John W. Chalfant, 1996-12-01

America-A Call To Greatness John W Chalfant, 2003-09

Chalfant's important book will produce bountiful blessings upon the Christian ministries of this troubled land. He has captured the essence of militant Christianity as it relates to love of country and devotion to democratic principles which is every citizen's opportunity and obligation to uphold. *Hope in Time of Abandonment* Jacques Ellul, 2012-06-12 The writings of Jacques Ellul have brought him into the first rank as theologian and social critic. Martin Marty commented that if he had to introduce one man from the Protestant world to tell the church what its agenda should be, that man would be Ellul. The eminent Frenchman now brings us his most profound, most moving theological statement. For years Jacques Ellul tells us in his preface he had wanted to write a book on *The Age of Abandonment* for it seemed to him that both society and the church had reached that point described in Scripture when God turns his back and is silent. But when he came to elaborate this theme, Ellul found himself inexplicably writing on the theme of hope despite the fact that his analysis of society remained unchanged. Hope was now no longer a matter of intellect but a word asked by God of the heart for its salvation. More than ever before in this book Jacques Ellul shares with readers not only the darkest forebodings of contemporary man's soul but also his own struggle to emerge from despair to a stronger level of Christian faith and hope. He writes of hope not in the vein of Moltmann and Metz but in a highly original and penetrating manner. Abandonment; or, Absolute Surrender to Divine Providence Jean Pierre de Caussade, 2019-11-27 In *Abandonment or Absolute Surrender to Divine Providence* Jean Pierre de Caussade explores the concept of surrendering oneself wholly to the will of God. Through a reflective and contemplative style, Caussade delves into the nuances of divine providence, articulating a profound spirituality that emphasizes trust and abandonment as pathways to inner peace. The work is set within the context of 18th century French spirituality, drawing from the mystical traditions of the Jesuit order and the broader Catholic devotional literature of its time, inspiring readers to embrace a life grounded in faith and acceptance of God's plans. De Caussade's own life as a Jesuit priest in the tumultuous period of the Enlightenment profoundly influenced this work. His experiences with individuals seeking spiritual guidance and the challenges posed by rationalism motivated him to articulate a theology that champions mystical union with God through abandonment to His will. His writing reflects a rich understanding of human emotion and struggle, reassuring readers that such surrender leads to ultimate fulfillment in divine love. This book is essential for anyone seeking deeper spiritual understanding and practical advice on living a life of faith. De Caussade's insights prompt readers to confront their own resistance to surrender, offering a timeless message of hope and inner tranquility for all who seek to understand the role of divine providence in their lives. In this enriched edition, we have carefully created added value for your reading experience. A succinct Introduction situates the work's timeless appeal and themes. The Synopsis outlines the central plot, highlighting key developments without spoiling critical twists. A detailed Historical Context immerses you in the era's events and influences.

T. Michener,2013-02-14 Postliberal theology is a movement in contemporary theology that rejects both the Enlightenment appeal to a universal rationality and the liberal assumption of an immediate religious experience common to all humanity The movement initially began in the 1980 s with its association to Yale Divinity School Theologians such as Hans Frei Paul Holmer David Kelsey and George Lindbeck were influential and were significantly influenced by theologians such as Karl Barth Clifford Geertz and Ludwig Wittgenstein Postliberalism uses a narrative approach to theology such as developed by Hans Frei and argues that all thought and experience is historically and socially mediated Michener provide the reader with an accessible introductory overview of the origins current thought potential problems and future possibilities of postliberal theology The basic philosophical and theological background are be briefly discussed along with the seminal and predominant theologians identified with the movement Michener shows how postliberalism emerges from the context of the postmodern critique of Enlightenment rationalism and empiricism Postliberal theology is extremely critical of classical liberal theology rather than an advancement of its agenda **Theology and Breaking Bad** David K. The Role of Old Testament Theology in Old Testament Interpretation Walter Brueggemann, 2015-05-14 This collection of essays is drawn from a series of previous collections to which the author has contributed that were designed to honor senior scholars in the discipline of Old Testament study Each of these essays reflects a distinct intention depending on the nature of the original collection in which they appeared and the scholar who was being honored Taken together however this collection amounts to an articulation of Brueggemann's distinctive approach to theological interpretation of the Old Testament Already in his major volume on Old Testament theology Brueggemann proposed a dynamism of tension dispute and contradiction as the text of ancient Israel sought to give voice to the mystery of God as a sustaining and disruptive agent in the life of the world Over a long period of time this collection reflects the author's growing clarity about the task of Old Testament theology It further reflects on the nature of the biblical text and the way in which the God who inhabits the text runs beyond all of our attempts to define and explain These essays reflect not so much on methodological issues but take up the substantive questions that regularly occupied these ancient text makers

Theology of the Diaconate Owen F. Cummings, William T. Ditewig, Richard R. Gaillardetz, 2005 In these three essays which were presented as keynote lectures at the 2004 conference of the National Association of Diaconate Directors Professors Cummings Ditewig and Gaillardetz construct theologies of the diaconate in conversation with one another and the church The result is essential reading for deacons aspirants to the diaconate deacon directors as well as the other orders of the clergy and the laity Book jacket
