The Hague Child Abduction Convention Rhona Schuz, 2014-07-04 International child abduction is one of the most emotionally charged and fascinating areas of family law practice The 1980 Hague Convention on the Civil Aspects of International Child Abduction was the response of the international community to the increase in the phenomenon of parental child abduction However behind the widely acclaimed success of this Convention which has now been ratified by more than 90 states lie personal tragedies academic controversy and diplomatic tensions The continuing steady flow of case law from the various Member States has resulted in the emergence of different approaches to the interpretation of key concepts in the Convention In addition over the years other global and regional legal instruments and the recommendations of the Special Commissions have had an impact on the implementation of the Convention This book

brings together all these strands and provides an up to date clear and highly readable discussion of the international operation of the Abduction Convention together with in depth critical academic analysis in light of the objectives of the Convention and other relevant legal norms such as the 1989 UN Convention on the Rights of the Child Throughout the book examples are brought from case law in many jurisdictions and reference is made to relevant legal and social science literature and empirical research Over the past decade increasing focus has been placed on what might be seen as procedural issues such as separate representation for children undertakings judicial liaison and mediation The book analyses the significance of these developments and the extent to which they can help resolve the continuing tension between some of the objectives of the Convention and the interests of individual children This book will be essential reading for judges practitioners researchers students policy makers and others who are seeking a critical and informed analysis of the latest developments in international abduction law and practice From the Foreword by Brenda Hale Justice of the Supreme Court of the United Kingdom This book is as far as I am aware the first scholarly monograph to study the interpretation and application of the Convention across the whole legal space which it occupies and to critically assess these in light of the object and purposes of the Convention and other relevant legal norms Cases are drawn from many jurisdictions to discuss how different countries interpret the Convention and links are made with relevant statistical social and psychological research in a thoughtful discussion of the significance of such material both to judicial decision making and to policy development a study which deserves to be read by anyone with an interest in the modern phenomenon of international child abduction whether judge practitioner policy maker parent researcher or scholar There is plenty for us all to think about

The High Strangeness of Dimensions, Densities, and the Process of Alien Abduction Laura Knight-Jadczyk, 2005
 The central core of this book is the entirely new domain of the knowledge of nature that has been the concern of the Cassiopaeans Transmissions from the very beginning It is the nature of this domain that is the subject of their communications regarding aliens alien abductions hyperdimensional realities and related subject matter Page 34 **Abduction** Lexy Timms, 2022-12-20 Abduction is a romantic expression of passion The moment I meet Amber I know I have to have her The only problem this gorgeous law student is already engaged to a guy she suspects is cheating on her Toss in the fact that if she finds out the truth about my criminal family who knows how she ll react Despite the obstacles we keep finding our way back to each other and I don t know how much longer I can keep up my defenses against her She s his only weak link The Dead of Night Series Abduction Bribery Corruption The Heat of Night Series Depravity Scandal Disgrace **Sci-Fi Alien Abduction Romance Boxed Set - The Quasar Lineage Series Books 6 to 12** Pearl Tate, Complete the hot and steamy alien abduction romance series The Quasar Lineage The women are abducted from Earth and given new lives with their fated mates Discover the instalove in this complete action and adventure boxset containing the following seven sci fi alien abduction romances TRAVEK S TREASURE When I m sucked into a bright light and confined to a freezing cell I m scared to

death as I try to figure out what's going on and why I'm one of the most boring average girls you could ever meet. So why would the government want me? And why do I feel a magnetic pull I can't explain to someone or something I've never met before? REMUS'S REVELATION. When I'm sucked into their bright light while at a study group, I'm shocked that they're abducting me from a room with other people. Why can I suddenly remember not only this visit but dozens more? And who is this strange new alien claiming I'm his mate? SELAS'S SALVATION. When I'm abducted by aliens at a study group with friends, I'm told if I give up my family and life on Earth, I can have the life I want. But it also comes with a little catch that definitely sounds interesting. Is there really someone out there that's perfect for me? ATTICUS'S ANGEL. My entire life is controlled by my mother and the genetic disease I was born with that robs me of so much, including the ability to have a baby. As if the special schools and special classes weren't enough, now my mother is considering a special home. So when I'm offered another life, one that sounds too good to be true, I jump at the chance to be healed and have a family. Of course, no one mentioned the danger. BROCK'S BELOVED. When I'm offered a chance to be healed, there really isn't anything that could make me turn it down. Even finding out my new mate comes from the most volatile lineage in their society. After all, I can talk down the most irrational idiots. How different could this be? What I don't expect is to enjoy it. But his possessiveness and dominating personality do strange things to me. And I like it. CHEVEPAK'S CHERISHED. When I'm approached and offered an important mission, a purpose that could help thousands of people lead a better life, I'm intrigued, especially since it also comes with a mate. Someone who's not only going to heal my body and want only me, but I'll never catch them banging someone else on the kitchen table. But on the way to fulfill my destiny, our spacecraft is almost destroyed by a sleeper spy attempting a suicide mission. Then we're hijacked by an insect-shaped species that's planning on conquering the Quasar planet. The Council seems dead set against even discussing either event, which leads us all to believe they're involved. But could the Sacred Mother, the planet's original salvation, be part of the conspiracy too? Will we reach the planet and find my mate in time to expose the truth of their women's past treachery to all the Quasar citizens, uniting them once and for all? Or will the Marel arrive first, taking over and harvesting them for food? MIHILE'S MARVEL. My mate's planet is under siege by the Marel, an insect-looking species of alien that accosts us on our way to Quasar. We escape but find out more: Marel are on the way. They're working with someone high in power on the planet, and we need to expose the female's original treaty with the Ashen. In addition to this new threat, is it too late to save the clueless on the planet Quasar and offer them additional protection? Will the Marel be able to set up their breeding farms when their backup arrives? Will the population of Quasar even believe the threat is real before it's too late? Don't miss out on these fated mate alien romances guaranteed to have you wanting a Quasar alien all for yourself.

The Encyclopedia of Cults, Sects, and New Religions James R. Lewis, 2001-03. Missing Heiress Marti Talbott, 2013-09-13 The Harlan Detective Agency was the best there was when it came to finding missing people They were also the most expensive so it was no coincidence that they were hired to find the heir to a fortune totaling over 1 6 billion dollars Nicholas Gladstone left everything to a granddaughter he didn t know he had until a week before he died but which one was it the maid secretly working in the parent s home an office worker or the young woman tragically killed in a car accident Search Terms missing people woman detective and billionaire

The Art of Abduction Igor Douven, 2022-11-08 A novel defense of abduction one of the main forms of nondeductive reasoning With this book Igor Douven offers the first comprehensive defense of abduction a form of nondeductive reasoning Abductive reasoning which is guided by explanatory considerations has been under normative pressure since the advent of Bayesian approaches to rationality Douven argues that although it deviates from Bayesian tenets abduction is nonetheless rational Drawing on scientific results in particular those from reasoning research and using computer simulations Douven addresses the main critiques of abduction He shows that versions of abduction can perform better than the currently popular Bayesian approaches and can even do the sort of heavy lifting that philosophers have hoped it would do Douven examines abduction in detail comparing it to other modes of inference explaining its historical roots discussing various definitions of abduction given in the philosophical literature and addressing the problem of underdetermination He looks at reasoning research that investigates how judgments of explanation quality affect people s beliefs and especially their changes of belief He considers

the two main objections to abduction the dynamic Dutch book argument and the inaccuracy minimization argument and then gives abduction a positive grounding using agent based models to show the superiority of abduction in some contexts Finally he puts abduction to work in a well known underdetermination argument the argument for skepticism regarding the external world
