American Sniper Kill Count:

Modern American Snipers Chris Martin, 2014-12-16 Most people think of snipers as shooters perched in urban hides dealing out death unseen from a considerable distance But this description barely scratches the surface The author explains that special operations snipers are men with stacked skill sets who have the ability to turn the tide of battles even when they aren't pulling the trigger These are the most experienced warriors on the battlefield oftentimes the units best assaulters with years of door kicking under their belt These are the men who run ops in small teams across borders or dress like locals and pull off high risk vehicle reconnaissance and singleton missions in non permissive environments Dust jacket flap

Hollywood's Imperial Wars Armando José Prats, 2024-04-16 When the Vietnam War punctured the myth of American military invincibility Hollywood needed a new kind of war movie The familiar triumphal narrative was relegated to history and with it the heroic legacy that had passed from one generation to the next for more than two hundred years How Hollywood helped create and instill the American myth of heroic continuity and how films revised that myth after the Vietnam War is what Armando José Prats explores in *Hollywood's Imperial Wars* The book offers a new way of understanding the cultural and historical significance of Vietnam in relation to Hollywood's earlier representations of Americans at war from the mythic heroism of a film like *Sands of Iwo Jima* to the rupture of that myth in films such as *The Deer Hunter* *Apocalypse Now* and *Platoon* As early as the mid 1940s Prats suggests fears aroused by the Cold War were stirring anxieties about sustaining the heroic myth anxieties reflected in the insistent aggressive patriotism in films of the period In this context Prats considers the immeasurable cultural importance of John Wayne the cinematic apotheosis of wartime valor and righteousness whose patriotism was nonetheless deeply compromised by his not having served in World War II Prats reveals how historical and cultural anxieties emerge in well known Vietnam movies in which characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers American war movies in Prats's analysis were forever altered by the loss in Vietnam Even movies like *American Sniper* that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the tragic turn of actual historical events Tracing what Prats calls the anxiety of legacy through the films of the World War II and post Vietnam War periods this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts

Shooter's Bible Guide to Tactical Firearms Robert A. Sadowski, 2015-07-21 Long range shooting in the United States is as old as this country is young Shooters have always had a fascination with shooting at distance whether they are plinkers competitive shooters or hunters The ability to place rifle bullets in the same hole of a target or kill an animal quickly is a goal to which we all aspire In recent years the interest in tactical precision rifles has increased with many factory and custom rifle makers plying their art producing rifles that can easily outperform the ability of many shooters Expert Robert A Sadowski proves to be a masterful instructor on all aspects related to precision shooting in the *Shooter's Bible Guide to Tactical Firearms* This *Shooter's Bible* guide will help

new and experienced shooters in making smart equipment purchases that range from rifles and optics to ammunition and gear The shooting school section provides instructions for those of us who have had no formal training For experienced shooters having current information on hand in one place can be an invaluable resource And no Shooter s Bible guidebook is complete without a detailed products section showcasing rifles from all across the market Other topics covered include Top 10 long range rifles Precision rifle maintenance Anatomy of a riflescope Shooting technique positions and drills And much more Pick up a copy of the Shooter s Bible Guide to Tactical Firearms to learn everything you need to know about precision long range shooting Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts We publish books about shotguns rifles handguns target shooting gun collecting self defense archery ammunition knives gunsmithing gun repair and wilderness survival We publish books on deer hunting big game hunting small game hunting wing shooting turkey hunting deer stands duck blinds bowhunting wing shooting hunting dogs and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

The Hell of War Comes Home Owen W. Gilman Jr.,2018-02-09 Owen W Gilman Jr stresses the US experience of war in the twenty first century and argues that wherever and whenever there is war there will be imaginative responses to it especially the recent wars in Afghanistan and Iraq Since the trauma of September 11 the experience of Americans at war has been rendered honestly and fully in a wide range of texts creative nonfiction and journalism film poetry and fiction These responses Gilman contends have packed a lot of power and measure up even to World War II s literature and film Like few other books Gilman s volume studies these new texts among them Kevin Powers s debut novel The Yellow Birds and Phil Klay s short stories Redeployment along with the films The Hurt Locker American Sniper and Billy Lynn s Long Halftime Walk For perspective Gilman also looks at some touchstones from the Vietnam War Compared to a few of the big Vietnam books and films this new material has mostly been read and watched by small audiences and generated less discussion Gilman exposes the circumstances in American culture currently preventing literature and film of our recent wars from making a significant impact He contends that Americans inclination to demand distraction limits learning from these compelling responses to war in the past decade According to Gilman where there should be clarity and depth of knowledge we instead face misunderstanding and the anguish endured by veterans betrayed by war and our lack of understanding

Sniper Operations Sabine Lorca,AI,2025-03-29 Sniper Operations offers a deep dive into the world of military sniping exploring the evolution of this specialized role from World War I to modern special forces Beyond marksmanship and camouflage the book emphasizes the critical psychological factors that define an elite sniper It reveals how rigorous training regimens intricate tactics and unwavering mental resilience converge to create a truly effective and deadly force This includes understanding the ethical considerations involved such as target selection protocols which highlight the weighty decisions snipers face The

book progresses by first introducing fundamental concepts and then delving into historical operations and case studies. It analyzes successful and unsuccessful missions to draw key insights and finally explores the ethical dimensions of sniper operations. A unique aspect of *Sniper Operations* is its focus on the psychological dimensions of sniping, highlighting mental fortitude and emotional control. Readers will gain a comprehensive understanding of sniper operations, challenging common misconceptions and revealing the complex realities of this challenging profession.

Sigmund Freud as a Critical Social Theorist, 2024-12-02 Sigmund Freud's work has influenced the modern world in many profound ways. The father of psychoanalysis, Freud wrote numerous works wherein his psychoanalytic perspectives were applied to history, society, religion, and other cultural phenomena. By expanding his psychoanalytic theories into these realms, Freud insured his place within the disciplines of philosophy, sociology, history, theology, and religious studies, wherein his works are still studied. More specifically, his psychoanalytic theories were adopted, revised, and expanded upon by philosophers and sociologists such as Theodor W. Adorno, Erich Fromm, Herbert Marcuse, Jürgen Habermas, Jacques Derrida, Julia Kristeva, Gilles Deleuze, Judith Butler, Slavoj Žižek, and many others, who in some cases radicalized the latent political content within Freud's thought, using it to critique modern industrialized capitalism and theorize about the possibility for alternative forms of societies more conducive towards mental health. Although Freud is often marginalized or even denigrated, we think there are still elements within the corpus of Freud's work that are valuable for both diagnosing social problems and addressing such problems psychoanalytically. The book demonstrates the lasting relevancy of Freud's thought to a variety of disciplines as they diagnose a myriad of social issues.

Life of American Snipers: Chris Kyle and the Rest of the Elite Snipers, Mark Dawn, 2015-02-27 American snipers have gained increased popularity after the production of the movie *American Sniper*, based on the life of Chris Kyle, who served as a sharp shooter in Iraq consecutively for about four periods. Sharp shooter is the less common term to describe snipers whose role in history started in the World War. Famous snipers have since emerged, forming part of the elite Navy Seals. While some people refer to snipers as cowards because they do seem to not be actively engaged in combat, they have been hailed as heroes due to the reduced misses during combat and the flexibility of their attack to rely on stealth. American snipers have played a huge role in eliminating some of the terrorists bent on causing terror around the world. Snipers are originally meant to increase the chances of winning a war. They do this by neutralizing the most dangerous people in war from a concealed distance and thereby serve to provide an advantage to their side.

The Kaiju Film, Jason Barr, 2016-02-17 The Kaiju, strange monster or strange beast film genre has a number of themes that go well beyond the big monsters stomping on cities motif. Since the seminal *King Kong* (1933) and the archetypal *Godzilla* (1954), kaiju has mined the subject matter of science run amok, militarism, capitalism, colonialism, consumerism, and pollution. This critical examination of kaiju considers the entirety of the genre, the major franchises along with less well-known films like *Kronos* (1957), *Monsters* (2010), and *Pacific Rim* (2013). The author examines how kaiju has crossed cultures from its original folkloric inspirations in both

the U S and Japan and how the genre continues to reflect national values to audiences *Inside the Crosshairs* Col. Michael Lee Lanning, 2013-06-19 The American sniper could be regarded as the greatest all around rifleman the world has ever known At the start of the war in Vietnam the United States had no snipers by the end of the war Marine and army precision marksmen had killed more than 10 000 NVA and VC soldiers the equivalent of an entire division at the cost of under 20 000 bullets proving that long range shooters still had a place in the battlefield Now noted military historian Michael Lee Lanning shows how U S snipers in Vietnam combining modern technology in weapons ammunition and telescopes used the experience and traditions of centuries of expert shooters to perfect their craft To provide insight into the use of American snipers in Vietnam Lanning interviewed men with combat trigger time as well as their instructors the founders of the Marine and U S Army sniper programs and the generals to whom they reported Backed by hard information and firsthand accounts the author demonstrates how the skills these one shot killers honed in the jungles of Vietnam provided an indelible legacy that helped save American lives in Grenada the Gulf War and Somalia and continues to this day with American troops in Bosnia

Screenwriting For Dummies Laura Schellhardt, 2021-11-11 Suspend your disbelief you can make it as a screenwriter Behind every blockbuster film and binge worthy show there s a screenwriter and that writer could be you Turn your brainstorming sessions into dynamic scripts with the help of *Screenwriting For Dummies* Create believable worlds with relatable characters gripping dialogue and narrative structures that will keep even the showbiz bigwigs on the edge of their seats Once you ve polished your product it s time to bring it to market This book is full of advice that will help you get eyes on your screenplays so you can sell your work and find success as a screenwriter From web series to movie musicals to feature films this book shows you how to develop and hone your craft Learn to think like a screenwriter and turn story ideas into visually driven relatable scripts that will get noticed Study the elements of a story like plot structure beginning middle and end and characterization wait who s that again Hop over the hurdle of writer s block and tackle other obstacles that stand in the way of your scriptwriting career Get insider insight into finding an agent and meeting with studio execs plus alternative markets for your finished work This updated edition covers the latest trends and opportunities and there are lots of them for today s writers Let *Dummies* help you map out your story and put your script on the road to production Thank us when your work goes viral
