Cutting School Noliwe Rooks, 2017-09-26 2018 Zora Neale Hurston Richard Wright Legacy Award Nonfiction Finalist A timely indictment of the corporate takeover of education and the privatization and profitability of separate and unequal schools published at a critical time in the dismantling of public education in America An astounding look at America's segregated school system weaving together historical dynamics of race class and growing inequality into one concise and commanding story Cutting School puts our schools at the center of the fight for a new

commons Naomi Klein author of *No Is Not Enough* and *This Changes Everything* Public schools are among America's greatest achievements in modern history yet from the earliest days of tax supported education today a sector with an estimated budget of over half a billion dollars there have been intractable tensions tied to race and poverty Now in an era characterized by levels of school segregation the country has not seen since the mid twentieth century cultural critic and American studies professor Noliwe Rooks provides a trenchant analysis of our separate and unequal schools and argues that profiting from our nation's failure to provide a high quality education to all children has become a very big business *Cutting School* deftly traces the financing of segregated education in America from reconstruction through *Brown v Board of Education* up to the current controversies around school choice teacher quality the school to prison pipeline and more to elucidate the course we are on today the wholesale privatization of our schools Rooks's incisive critique breaks down the fraught landscape of segrenomics showing how experimental solutions to the so called achievement gaps including charters vouchers and cyber schools rely on profit from and ultimately exacerbate disturbingly high levels of racial and economic segregation under the guise of providing equal opportunity Rooks chronicles the making and unmaking of public education and the disastrous impact of funneling public dollars to private for profit and nonprofit operations As the infrastructure crumbles a number of major U S cities are poised to permanently dismantle their public school systems the very foundation of our multicultural democracy Yet Rooks finds hope and promise in the inspired individuals and powerful movements fighting to save urban schools A comprehensive compelling account of what's truly at stake in the relentless push to deregulate and privatize *Cutting School* is a *cri de coeur* for all of us to resist educational apartheid in America [Why Meadow Died](#) Andrew Pollack, Max Eden, 2019-09-10 WALL STREET JOURNAL BESTSELLER As featured in the New York Post and as seen on Tucker Carlson Fox and Friends Martha MacCallum and more Voted by Book Authority as one of the ten best social policy books of all time The Parkland school shooting was the most avoidable mass murder in American history And the policies that made it inevitable are being forced into public schools across America After my sister Meadow was murdered at Marjory Stoneman Douglas High School the media obsessed for months about the type of rifle the killer used It was all clickbait and politics not answers or justice That wasn't good enough for us My dad is a real tough guy but Meadow had him wrapped around her little finger He would do anything she wanted and she would want him to find every answer so that this never happens again My dad teamed up with one of America's leading education experts to launch his own investigation We found the answers to the questions the media refused to ask Questions about school safety that go far beyond the national gun debate And the answers to those questions matter for parents teachers and schoolchildren nationwide If one single adult in the Broward County school district had made one responsible decision about the Parkland shooter then my sister would still be alive But every bad decision they made makes total sense once you understand the district's politically correct policies which started here in Broward and have spread to thousands of schools across America
