Brownlie Principles Of Public International Law

Lucinda A. Low, Daniel M. Drory

Brownlie Principles Of Public International Law:

Brownlie's Principles of Public International Law James Crawford, Ian Brownlie, 2019 Serving as a single volume introduction to the field as a whole this ninth edition of Brownlie's Principles of International Law seeks to present international law as a system that is based on and helps structure relations among states and other entities at the international level

Principles of Public International Law Ian Brownlie, 2008 The first book of its kind in the field Principles of Public International Law has been the definitive guide to international law for over 40 years This seventh edition builds on the reputation of its predecessors providing outstanding lucid and up to date treatment of all of the main issues in international law today

International Law, 2015

Federal Constitutions and International Relations John Trone, 2001 A comprehensive analysis of one of the most politically controversial issues in Australian law the implementation of treaties by the federal government Unique in Australian books on legal issues this rigorous analysis of constitutional law examines relevant cases and legislation from Australia Canada the USA Germany Switzerland Austria Malaysia and India Including a comprehensive list of cases and a full index this book will be of exceptional interest to practitioners teachers and students of constitutional and international law

International Lawyer's Deskbook Lucinda A. Low, Daniel M. Drory, 2003 A reference tool for lawyers facing international legal problems outside their own areas of expertise

Combating Weapons of Mass Destruction Nathan E. Busch, Daniel Joyner, 2009-01-01 The spread of weapons of mass destruction poses one of the greatest threats to international peace and security in modern times the specter of nuclear chemical and biological weapons looms over relations among many countries The September 11 tragedy and other terrorist attacks have been painful warnings about gaps in nonproliferation policies and regimes specifically with regard to nonstate actors In this volume experts in nonproliferation studies examine challenges faced by the international community and propose directions for national and international policy making and lawmaking The first group of essays outlines the primary threats posed by WMD proliferation and terrorism Essays in the second section analyze existing treaties and other normative regimes including the Nuclear Non Proliferation Treaty and the Chemical Weapons and Biological Weapons Conventions and recommend ways to address the challenges to their effectiveness Essays in part three examine the shift some states have made away from nonproliferation treaties and regimes toward more forceful and proactive policies of counterproliferation such as the Proliferation Security Initiative which coordinates efforts to search and seize suspect shipments of WMD related materials

Multiple Nationality And International Law Alfred Michael Boll, 2007 This book is a comprehensive overview of multiple nationality in international law and contains a survey of current State practice covering over 75 countries It examines the topic in light of the historical treatment of multiple nationality by States international bodies and commentators setting out the general trends in international law and relations that have influenced nationality While the book's purpose is not to debate the merits of multiple nationality but to present actual state practice it does survey arguments for and against multiple nationality and

considers States motivations in adopting a particular attitude toward the topic As a reference work the volume includes a detailed examination of the nature of nationality under international law and the concepts of nationality and citizenship under municipal law The survey of State practice also constitutes a valuable resource for practitioners

Indigenous Peoples' Status in the International Legal System Mattias Åhrén, 2016-03-10 While many have explored the law governing the rights of indigenous peoples through an examination of relevant instruments and institutions this book demonstrates that international indigenous rights can be best understood through the study of two questions What is meant by peoples and equality under international law Indigenous Peoples Status in the International Legal System offers a new and profound insight into the international indigenous rights discourse This volume explains that the understanding of peoples is paramount to the question of whether indigenous peoples are beneficiaries of the right to self determination and sets out the content and scope of this right The book additionally explores the contemporary meaning of equality arguing that the understanding of equality fundamentally impacts what rights indigenous peoples possess over territories and natural resources This book outlines the rights of greatest relevance to indigenous peoples communities and individuals and explains the justification for indigenous rights

State Sovereignty E. Kurtulus, 2005-11-26 State sovereignty is the foundation of international relations This thought provoking book explores the gap between seeing sovereignty as either absolute or relative It argues that state sovereignty is both factual and judicial and that the loss of sovereignty exists only at the margins of the international society With many interesting real world examples of ambiguous sovereignty examined this is an important argument against those who are quick to claim that sovereignty is under assault

Information Sovereignty Radim Polčák, Dan Jerker B. Svantesson, 2017-09-29 Data not only represent an integral part of the identity of a person they also represent together with other essentials an integral part of the identity of a state Keeping control over such data is equally important for both an individual and for a state to retain their sovereign existence This thought provoking book elaborates on the assumption that information privacy is in its essence comparable to information sovereignty This seemingly rudimentary observation serves as the basis for an analysis of various information instruments in domestic and international law Information Sovereignty combines a philosophical and methodological analysis of the phenomena of information sovereignty and privacy Providing insights into previously unexplored parallels between information privacy and information sovereignty it examines cross border discovery cybersecurity and cyber defence operations and legal regimes for cross border data transfers encompassing practical discussions from a fresh perspective In addition it offers an accessible overview of complex theoretical matters in the domain of Internet legal theory and international law and crucially a method to resolve situations where informational domains of individuals and or states collide This pioneering state of the art assessment of information law and legal theory is a vital resource for students academics policy makers and practitioners alike seeking a guide to the phenomena of information sovereignty and privacy

The Enigmatic Realm of **Brownlie Principles Of Public International Law**: Unleashing the Language is Inner Magic
