Digital Transformation: Evaluating Emerging Technologies Tugrul U Daim,2020-07-28 Selecting the right technology is one of the most critical decisions in technology driven enterprises and no selection is complete without a thorough and informed evaluation. This book explores the digital transformation movement from three perspectives: the technological, the personal and the organizational. The technical perspective analyses and evaluates new and up and coming technologies such as IoT and Cloud Technology. The personal perspective focuses on the consumer's attitude and experience in the adoption of technologies such as smart homes, smart watches, drones and wireless devices. And the organizational perspective focuses on evaluating how technology driven an organization and their core activities or products are. This book is an ideal reference for managers who are responsible for digital transformation in their organizations and also serves a good starting point for researchers interested in understanding the trend. The book contains case studies that may be used by educators in MBA and Engineering and Technology Management MS programs covering digital transformation related courses. *Insider's Guide to Precious Metal Profits* ,

Take the Money and Run! an Insider's Guide to Venture Capital Gerry Langelier,2011-07-11 This book is for entrepreneurs who want to realize their vision, want to build a major enterprise, want to change the world. To win you need two things: cash and speed. You need to get the money and then run like crazy. To get the money you may want to raise it from venture capital (VC) firms. But the reality is far fewer than 1 in 100

companies approaching VCs ever get to take the money So the first section of this book provides a behind the scenes look at how VC firms work and more importantly how they think You ll get first hand insight into what you can do to improve your chances and what to avoid that can doom your hopes The second section of the book will help you run It covers almost every segment of start up operations from product development to financing to staffing to sales and marketing Gerry Langelers 30 years as a successful venture capitalist and entrepreneur who raised money from top VC firms provides the secrets to help you achieve your dreams
