iPod & iTunes J. D. Biersdorfer, 2006 When Apple introduced the iPod in 2001 CEO Steve Jobs declared listening to music will never be the same again He was right on the money The iPod grabbed attention right away and by the end of 2005 more than 41 million of them had sold iPod is the dominant digital music player on the market and for the first time Apple gets to feel like Microsoft iPod steadily evolved through five generations since then and today the dynasty ranges from a screenless 512 megabyte version that can hold plenty of songs for your gym routine to a 60 gigabyte multimedia jukebox that can spin out an entire season of Desperate Housewives along with thousands of color photos and all that colorful music An iPod is many things to many people but it can be much more than most people realize That s where iPod iTunes The Missing Manual comes in Like the device itself this book is a long running bestseller now in its fourth edition What makes it so popular is the wealth of useful information it brings to anyone who breaks open iPod s distinctive packaging especially since Apple doesn t supply a manual of its own

Once again we've updated this guide to fully explain the ins and outs of iPod including the nano the shuffle and all the latest features and uses such as The 5th generation Video iPod which can hold 15 000 songs 25 000 photos and 150 hours of video iTunes 6 where you can buy tunes subscribe to Podcasts tune into internet radio download videos build playlists and more Going beyond the music to use iPod as an external drive an eBook a personal organizer a GameBoy and a slide projector Extreme iPodding with shareware and AppleScripts using an iPod with external speakers including the car stereo accessories and troubleshooting It's been five years since iPod hit the scene but clearly the evolution has only just begun iPod iTunes The Missing Manual gives you everything you need to evolve with it *iPad: The Missing Manual* J.D. Biersdorfer, 2013-11-13 Super fast processors streamlined Internet access and free productivity and entertainment apps make Apple's new iPads the hottest tablets around But to get the most from them you need an owner's manual up to the task That's where this bestselling guide comes in You'll quickly learn how to import create and play back media shop wirelessly sync content across devices keep in touch over the Internet and even take care of business The important stuff you need to know Take tap lessons Become an expert Padder with the new iPad Air the iPad Mini with Retina display or any earlier iPad Take your media with you Enjoy your entire media library music photos movies TV shows books games and podcasts Surf like a maniac Hit the Web with the streamlined Safari browser and the iPad's ultrafast WiFi connection or 4G LTE network Run the show Control essential iPad functions instantly by opening the Control Center from any screen Beam files to friends Wirelessly share files with other iOS 7 users with AirDrop Get creative with free iLife apps Edit photos with iPhoto videos with iMovie and make music with GarageBand Get to work Use the iPad's free iWork suite complete with word processor spreadsheet and presentation apps
