Norton, 2001 In today's business environment strategy has never been more important Yet research shows that most companies fail to execute strategy successfully Behind this abysmal track record lies an undeniable fact many companies continue to use management processes top down financially driven and tactical that were designed to run yesterday's organizations Now the creators of the revolutionary performance management tool called the Balanced Scorecard introduce a new approach that makes strategy a continuous process owned not just by top management but by everyone In *The Strategy Focused Organization* Robert Kaplan and David Norton share the results of ten years of learning and research into more than 200 companies that have implemented the Balanced Scorecard Drawing from more than twenty in depth case studies including Mobil CIGNA Nova Scotia Power and AT T Canada Kaplan and Norton illustrate how Balanced Scorecard adopters have taken their groundbreaking tool to the next level These organizations have used the
