Boudoir Lighting Simple Techniques For Dramatic Photography:

Boudoir Lighting Robin Owen,2014-10 Creating an idealized image of a subject is a portrait photographer's job. However, the approach is not quite formulaic. From one subject to the next and one day to the next, there are different goals and scenarios. On Monday, you may be tasked with photographing your subjects under cloudy skies on a beach. On Tuesday, you may need to downplay your client's wide hips in the studio. On Wednesday, you may want to create dramatic lighting for an actor's portfolio on stage. Every day, there is a unique challenge to meet, often under varying conditions. So how do you make a magically good portrait during every shoot? In this book, Bill Israelson shows you how to tackle the problem of creating a great portrait of your every client.
