Travel, 1926 **Grassroots Development**, 1988 **My Amputations** Clarence Major, 2008-01-07 Originally published in 1986 this new edition returns to print a classic influential work of American fiction The author of the acclaimed novel *Reflex* and *Bone Structure* returns here in *My Amputations* to the question of identity the double adventure detection and mystery but with more hypnotic power and range In *My Amputations* he has his protagonist Mason Ellis who may just be a desperate ex con or a wronged American novelist out to right the wrong done to him jump through flaming loops like a trained dog so to speak In other words there seems to be no end to the troubles Mason Ellis faces His story takes him from the South Side of Chicago to New York with a stint in Attica prison across America and Europe and into the primal depths of Africa Mason all the while tries to convince the reader that he is the important American writer he says he is Upon his release from prison he sets out to prove his claim After an audacious bank robbery and a couple of burglaries that are hilarious he goes into hiding to escape the malice of one of his cohorts and eventually flees to Europe The irony is that he is now as much the runner as the seeker After encounters with a Zuni ex folksinger kidnappers the New York underworld literary groupies an Italian swordsman a violent German secret society and an anti bellum cotillion in rural Greece he finds himself face to face behind a mask with his own destiny
