Buzzfeed Jim And Pam:

Life Moves Pretty Fast Hadley Freeman, 2016-06-14 An earlier edition of this work was published in Great Britain in 2015 Title page verso **Longshot** Zach Graumann, 2022-05-24 In Longshot Andrew Yang's campaign manager takes you on a tour through the ups the downs and the math of Yang's 2020 campaign for president and shares the playbook his team used to navigate the attention economy Andrew Yang did not win the 2020 Democratic primary let alone the presidency of the United States But chances are you know who Andrew Yang is and you may well be part of the 75 percent of Americans who now support Universal Basic Income both facts that would have seemed beyond unlikely at the start of Yang's campaign That campaign was helmed by Zach Graumann entrepreneur marketing expert and at the time political nonentity In fact when Graumann joined Yang 2020 no one on the team was an expert in campaigning but they all shared a fervent desire to change the future Yet despite that inexperience by the time Yang dropped out of the race in early 2020 he'd not only outlasted six senators four governors and three members of Congress he'd become one of the most recognizable popular political figures in the country Now for the first time Graumann tells the story of how Yang went from nobody to national presence breathing life into the behind the scenes antics of the unusual campaign that started a movement In the process he demystifies the world of political campaigns and provides takeaways that will help not only the next generation of campaign managers but anyone who wants to break into a new industry or stand out in their current one A book for everyone from members of the Yang Gang who want the inside story to businesspeople looking for self improvement to anyone who has ever had a dream that felt bigger than they were Longshot reminds you that sometimes longshots aren't quite as long as you think

Unholy Sarah Posner, 2021-06-01 In terrifying detail Unholy illustrates how a vast network of white Christian nationalists plotted the authoritarian takeover of the American democratic system There is no more timely book than this one Janet Reitman author of Inside Scientology Why did so many evangelicals turn out to vote for Donald Trump a serial philanderer with questionable conservative credentials who seems to defy Christian values with his every utterance To a reporter like Sarah Posner who has been covering the religious right for decades the answer turns out to be far more intuitive than one might think In this taut inquiry Posner digs deep into the radical history of the religious right to reveal how issues of race and xenophobia have always been at the movement's core and how religion often cloaked anxieties about perceived threats to a white Christian America Fueled by an antidemocratic impulse and united by this narrative of reverse victimization the religious right and the alt right support a common agenda and are actively using the erosion of democratic norms to roll back civil rights advances stock the judiciary with hard right judges defang and deregulate federal agencies and undermine the credibility of the free press Increasingly this formidable bloc is also forging ties with European far right groups giving momentum to a truly global movement Revelatory and engrossing Unholy offers a deeper understanding of the ideological underpinnings and forces influencing the course of Republican politics This is a book that must be read by anyone who cares

about the future of American democracy
