Women Novelists Judith Maltby, Alison Shell, 2019-06-27 What do the novelists Charlotte Brontë, Charlotte M. Yonge, Rose Macaulay, Dorothy L. Sayers, Barbara Pym, Iris Murdoch, and P. D. James all have in common? These women and others were inspired to write fiction through their relationship with the Church of England. This field-defining collection of essays explores Anglicanism through their fiction and their fiction through their Anglicanism. These essays by a set of distinguished contributors cover a range of literary genres from life writing and whodunnits through social comedy, children's books, and supernatural fiction. Spanning writers from the nineteenth to the twenty-first century, they testify both to the developments in Anglicanism over the past two centuries and the changing roles of women within the Church of England and wider society.

Evelyn Underhill Evelyn Underhill, 1988-01-01 Evelyn Underhill was a pioneer in revitalizing interest in mysticism and in the spiritual life as lived by ordinary people. Here are some of her articles that demonstrate the variety and development of her thought over forty years. The themes of magic and mysticism, prayer, and pacifism are all considered with particular emphasis on Underhill's focus on personal religious experience, its nurturance in prayer, its protection by institutional religion, and its implications for all aspects of life. Together, the pieces illuminate the author's move from Platonism to the incarnational spirituality lived out during the years between the world wars. Greene's interpretive introduction to the life and work of this contemporary mystic is most helpful for those previously unfamiliar with Underhill. The book contains the most complete bibliography available on works by and about this important woman. **Spiritual Innovators** Ira

Choral Music in Print James H. Nye,Mark Resnick,1991 *The American Popular Ballad of the Golden Era, 1924-1950*

Allen Forte,1995 In this pathbreaking book Allen Forte uses modern analytical procedures to explore the large repertoire of beautiful love songs written during the heyday of American musical theater the Big Bands and Tin Pan Alley Covering the work of such songwriters as Jerome Kern Irving Berlin Cole Porter George Gershwin Richard Rodgers and Harold Arlen he seeks to illuminate this extraordinary music indigenous to America by revealing its deeper organizational characteristics In so doing he aims to establish it as a unique corpus of music that deserves more intensive study and appreciation by scholars and connoisseurs in the broader fields of American popular music and jazz Expressing much of the traditional tonality associated with European music in the eighteenth and nineteenth centuries the love songs of the Golden Age are shown to draw on a rich variety of elements popular harmony idiomatic lyric writing and Afro American dance rhythms His analyses of such songs as Embraceable You or Yesterdays in particular exemplify his ability to convey the sublime unpretentious simplicity of this great music **American Journal of Education** ,1899 *Book Traces* Andrew M. Stauffer,2021-02-05 In most college and university libraries materials published before 1800 have been moved into special collections while the post 1923 books remain in general circulation But books published between these dates are vulnerable to deaccessioning as libraries increasingly reconfigure access to public domain texts via digital repositories such as Google Books Even libraries with strong commitments to their print collections are clearing out the duplicates assuming that circulating copies of any given nineteenth century edition are essentially identical to one another When you look closely however you see that they are not Many nineteenth century books were donated by alumni or their families decades ago and many of them bear traces left behind by the people who first owned and used them In *Book Traces* Andrew M Stauffer adopts what he calls guided serendipity as a tactic in pursuit of two goals first to read nineteenth century poetry through the clues and objects earlier readers left in their books and second to defend the value of keeping the physical volumes on the shelves Finding in such

books of poetry the inscriptions annotations and insertions made by their original owners and using them as exemplary case studies Stauffer shows how the physical historical book enables a modern reader to encounter poetry through the eyes of someone for whom it was personal
