Barbaric Culture Black Critique Slaveholding:

Barbaric Culture and Black Critique Stefan M. Wheelock, 2015-12-08 In an interdisciplinary study of black intellectual history at the dawn of the nineteenth century Stefan M Wheelock shows how black antislavery writers were able to counteract ideologies of white supremacy while fostering a sense of racial community and identity The major figures he discusses Ottobah Cugoana Olaudah Equiano David Walker and Maria Stewart engaged the concepts of democracy freedom and equality as these ideas ripened within the context of racial terror and colonial hegemony Wheelock highlights the ways in which religious and secular versions of collective political destiny both competed and cooperated to forge a vision for a more perfect and just society By appealing to religious sensibilities and calling for emancipation these writers addressed slavery and its cultural bearing on the Atlantic in varied complex and sometimes contradictory ways during a key period in the development of Western political identity and modernity

African American Novels in the Black Lives Matter Era E. Lâle Demirtürk, 2019-08-09 African American Novels in the Black Lives Matter Era Transgressive Performativity of Black Vulnerability as Praxis in Everyday Life explores the undoing of whiteness by black people who dissociate from scripts of black criminality through radical performative reiterations of black vulnerability It studies five novels that challenge the embodied discursive practices of whiteness in interracial social encounters showing how they use strategic performances of Blackness to enable subversive practices in everyday life which is constructed and governed by white mechanisms of racialized control The agency portrayed in these novels opens up alternative spaces of Blackness to impact the social world and effects transformative change as a forceful critique of everyday life African American Novels in the Black Lives Matter Era shows how these novels reformulate the problem of black vulnerability as a constitutive source of the right to life in their refusal of subjection to vulnerability enacted by white institutional and individual forms of violence It positions a white black encounter oriented reading of these neo resistance novels of the Black Lives Matter era as a critique of everyday life in an effort to explore spaces of radical performativity of blackness to make happen social change and transformation

The Textual Effects of David Walker's "Appeal" Marcy J. Dinius, 2022-04-05 Historians and literary historians alike recognize David Walker's Appeal to the Coloured Citizens of the World 1829 1830 as one of the most politically radical and consequential antislavery texts ever published yet the pamphlet's significant impact on North American nineteenth century print based activism has gone under examined In The Textual Effects of David Walker's Appeal Marcy J Dinius offers the first in depth analysis of Walker's argumentatively and typographically radical pamphlet and its direct influence on five Black and Indigenous activist authors Maria W Stewart William Apest William Paul Quinn Henry Highland Garnet and Paola Brown and the pamphlets that they wrote and published in the United States and Canada between 1831 and 1851 She also examines how Walker's Appeal exerted a powerful and lasting influence on William Lloyd Garrison's Liberator and other publications by White antislavery activists Dinius contends that scholars have neglected the positive transnational and transformative effects of Walker's Appeal on print based political activism and literary and book history that is its primarily textual effects due to an enduringly narrow focus on the violence that the pamphlet may have occasioned She offers as an alternative a broadened view of activism and resistance that centers the works of Walker Stewart Apest Quinn Garnet and Brown within an exploration of radical forms of authorship publication civic participation and resistance In doing so she has written a major contribution to African American literary studies and the history of the book in antebellum America

American Revolution both strengthened and limited Black slavery In this new biography the historian David Waldstreicher offers the fullest account to date of Wheatley s life and works correcting myths reconstructing intimate friendships and deepening our understanding of her verse and the revolutionary era Throughout *The Odyssey of Phillis Wheatley* he demonstrates the continued vitality and resonance of a woman who wrote in a founding gesture of American literature Thy Power O Liberty makes strong the weak And wond rous instinct Ethiopians speak *Edges of Transatlantic Commerce in the Long Eighteenth Century* Seohyon Jung, Leah M. Thomas, 2021-05-03 *Edges of Transatlantic Commerce in the Long Eighteenth Century* examines and challenges the boundaries of the Atlantic in the eighteenth century with a particular focus on commerce Commerce as a keyword encompasses a wide range of documented and undocumented encounters that invoke topics such as shared or conflicting ideas of value affective experiences of the emerging global system and development of national economies as well as their opponents By investigating what gets exchanged created or obscured on the peripheries of transatlantic commercial relations and geography in the eighteenth century the chapters in this collection reimagine the edge as a liminal space with a potential for an alternative historical and aesthetic knowledge To ground this inquiry in a more material dimension the chapters engage specifically with what is being exchanged sold or communicated across the Atlantic by exploring ideas that are being shaped concealed undermined or exploited through intricate exchanges With its contributions from multiple contexts and disciplinary perspectives *Edges of Transatlantic Commerce* offers insights into relatively neglected aspects of the transatlantic world to cultivate the value that the edges allow us to conceive *The Darkened Light of Faith* Melvin L. Darkened Light of Faith offers invaluable lessons about how to grapple with racial injustice and make democracy work
