A More Perfect Military How The Constitution Can Make Our Military Stronger:

A More Perfect Military:How the Constitution Can Make Our Military Stronger Diane H. Mazur,2010-11-17 Surveys show that the all volunteer military is our most respected and trusted institution but over the last thirty five years it has grown estranged from civilian society Without a draft imperfect as it was the military is no longer as representative of civilian society Fewer people accept the obligation for military service and a larger number lack the knowledge to be engaged participants in civilian control of the military The end of the draft however is not the most important reason we have a significant civil military gap today A More Perfect Military explains how the Supreme Court used the cultural division of the Vietnam era to change the nature of our civil military relations The Supreme Court describes itself as a strong supporter of the military and its distinctive culture but in the all volunteer era its decisions have consistently undermined the military s traditional relationship to law and the Constitution Most people would never suspect there was anything wrong but our civil military relations are now as constitutionally fragile as they have ever been A More Perfect Military is a bracingly candid assessment of the military s constitutional health It crosses ideological and political boundaries and is challenging even unsettling to both liberal and conservative views It is written for those who believe the military may be slipping away from our common national experience This book is the blueprint for a new national conversation about military service A

^AMore Perfect Military Diane H. Mazur,2010-11-17 Since the 1970s there has been a growing divide between civilians and the United States military and the size of the gap is now wide enough that many observers are legitimately alarmed Diane Mazur a former Air Force officer is one of America s leading authorities on this subject and in A More Perfect Military she locates the roots of this gulf and how it has widened

Shaping US Military Law Joshua E. Kastenberg,2016-04-01 Since the United States entry into World War II the federal judiciary has taken a prominent role in the shaping of the nation s military laws Yet a majority of the academic legal community studying the relationship between the Court and the military establishment argues otherwise providing the basis for a further argument that the legal construct of the military establishment is constitutionally questionable Centering on the Cold War era from 1968 onward this book weaves judicial biography and a historic methodology based on primary source materials into its analysis and reviews several military law judicial decisions ignored by other studies This book is not designed only for legal scholars Its intended audience consists of Cold War military and political historians as well as political scientists and military and national security policy makers Although the book s conclusions are likely to be favored by the military establishment the purpose of this book is to accurately analyze the intersection of the later twentieth century s American military political social and cultural history and the operation of the nation s armed forces from a judicial vantage

Evolution of Government Policy Towards Homosexuality in the US Military James Parco,David Levy,2016-09-17 Throughout history homosexuality has been a complicating factor for men and women electing to serve in the armed forces of the United States The right to serve became

increasingly complicated when the Department of Defense responded to congressional legislation in 1993 by adopting a policy that later became known as don't ask don't tell (DADT). DADT permitted homosexual members to serve in the forces so long as they showed no evidence of homosexual behavior. The compromise policy remained in force until Congress passed the Don't Ask Don't Tell Repeal Act of 2010 and finally in September 2011 the ban on gay men and lesbians serving openly in the US armed forces officially came to an end. Reflecting on the 20-year period governed by DADT, this volume explores the history, culture, attitudes, and impacts of policy evolution from the mid-20th Century through to the present day. It not only provides insight to the scholarly field of how the most powerful institution in the world has viewed and dealt with homosexuality as it transitioned into the 21st century, but it is also poised to become a seminal collection for researchers in the decades to come. This book was originally published as a special issue of the *Journal of Homosexuality*. Parco and Levy have produced a fine edited volume dedicated to deepening our understanding of the federal DADT policy. What has resulted is a deep analysis of the federal policies regarding gays and lesbians in the U.S. military. This volume is filled with rich descriptions and analyses written by the very best thinkers about issues pertaining to gays and lesbians in the U.S. military. Parco and Levy not only offer a comprehensive treatment of DADT, but their book will stand the test of time and spur additional important research about gay, lesbian, bisexual, and queer service members. *The Rise and Fall of DADT* is accessibly written and offers readers a comprehensive understanding of the DADT federal policy and the attendant issues of equity, social justice, and ever-changing attitudes about LGBTQ people related to the U.S. military and to the larger American society. John P. Elia, Ph.D., Editor in Chief, *Journal of Homosexuality* and Professor and Associate Chair of Health Education at San Francisco State University, USA. As Assistant Secretary of Defense for Public Affairs from 2010 to 2012 and the first openly gay senior official to serve at the Pentagon, I was witness to and honored to be an active participant in the historic process that led to the ban on discrimination against lesbian and gay service members, men and women who had been hiding in plain sight while risking their lives to serve their country honorably. In this volume, Jim Parco and Dave Levy provide what is perhaps the most comprehensive account to date of the evolution of US government policy regarding LGBT service members. Their study includes outstanding firsthand narratives by many friends who played central roles in the repeal of Don't Ask Don't Tell, including Sue Fulton, Jonathan Lee, and former Congressman Patrick Murphy. Parco and Levy provide the opportunity for scholars, experts, and ordinary citizens from all walks of life to share in those journeys and in the very positive results that were achieved. Douglas B. Wilson, former Assistant Secretary of Defense for the United States. *Understanding and Proving International Sex Crimes*. Morten Bergsmo, Alf Butenschøn Skre, Elisabeth J. Wood, 2012-04-25. This anthology addresses the gap between international standard setting prohibiting international sex crimes and actual accountability for individuals who are responsible for such crimes. The book provides detailed analysis of the legal requirements of international sex crimes and types of fact that can be used to meet these requirements. It includes a unique knowledge base that digests international case

law on such crimes The anthology also contains several studies of institutional and evidentiary challenges in the prosecution of international sex crimes Series pref

The Routledge Companion to Military Research Methods Alison J. Williams, Neil Jenkins, Rachel Woodward, Matthew F. Rech, 2016-04-28 This new handbook is about the practices of conducting research on military issues As an edited collection it brings together an extensive group of authors from a range of disciplinary perspectives whose chapters engage with the conceptual practical and political questions raised when doing military research The book considers a wide range of questions around research about on and with military organisations personnel and activities from diverse starting points across the social sciences arts and humanities Each chapter in this volume Describes the nature of the military research topic under scrutiny and explains what research practices were undertaken and why Discusses the author s research activities addressing the nature of their engagement with their subjects and explaining how the method or approach under scrutiny was distinctive because of the military context or subject of the research Reflects on the author s research experiences and the specific often unique negotiations with the politics and practices of military institutions and military personnel before during and after their research fieldwork The book provides a focussed overview of methodological approaches to critical studies of military personnel and institutions and processes and practices of militarisation and militarism In particular it engages with the growth in qualitative approaches to military research particularly research carried out on military topics outside military research institutions The handbook provides the reader with a comprehensive guide to how critical military research is being undertaken by social scientists and humanities scholars today and sets out suggestions for future approaches to military research This book will be of much interest to students of military studies war and conflict studies and research methods in general

Educating America's Military Joan Johnson-Freese, 2013-02-11 This book offers a detailed examination of the professional military education system in the United States from a critical insider s perspective The mission of America s war colleges is to educate senior military officers in both the ways of war and the defence of peace But are these colleges doing the best job possible in carrying out that important mission Military education faces many demands including a lack of preparation by the students uneven quality of the faculty and confusion over the curriculum Many officers attend resident programs at the war colleges programs against the career advice of their leadership despite the fact that they are virtually guaranteed graduation after less than a year of study while others do their best to avoid it entirely As the professional military education system has come under increasing scrutiny and criticism some have even called for closing the war colleges That answer however does not serve the United States well especially in a complex globalized environment where military leaders need the best specialized education to prepare them for their future challenges This volume examines the system that created and supports the perpetuation of this system and why it is imperative that it be fixed Written by a faculty member at a military college with twenty years experience of the PME system this book will of much interest to students of the US Military US politics and military

education in general *An Argument Open to All* Sanford Levinson, 2015-11-24 In *An Argument Open to All* renowned legal scholar Sanford Levinson takes a novel approach to what is perhaps America's most famous political tract. Rather than concern himself with the authors as historical figures or how *The Federalist* helps us understand the original intent of the framers of the Constitution, Levinson examines each essay for the political wisdom it can offer us today. In eighty-five short essays, each keyed to a different essay in *The Federalist*, he considers such questions as whether present generations can rethink their constitutional arrangements, how much effort we should exert to preserve America's traditional culture, and whether *The Federalist's* arguments even suggest the desirability of world government. *Propaganda, Power and Persuasion* David Welch, 2013-11-27 As Philip Taylor has written, "The challenge of the modern information age is to ensure that no single propaganda source gains monopoly over the information and images that shape our thoughts. If this happens, the war propagandists will be back in business again." Propaganda came of age in the Twentieth Century. The development of mass and multi-media offered a fertile ground for propaganda, while global conflict provided the impetus needed for its growth. Propaganda has, however, become a portmanteau word which can be interpreted in a number of different ways. What are the characteristic features of propaganda, and how can it be defined? The distinguished contributors to this book trace the development of techniques of opinion management from the First World War to the current conflict in Afghanistan. They reveal how state leaders and spin doctors, operating at the behest of the state, sought to shape popular attitudes at home and overseas, endeavouring to harness new media with the objective of winning hearts and minds. The book provides compelling evidence of how the study and practice of propaganda today is shaped by its history. *Attitudes Aren't Free* James E. Parco, David A. Levy, Daphne DePorres, Alfredo Sandoval, 2023-06-01 In 2010 *Attitudes Aren't Free: Thinking Deeply About Diversity in the US Armed Forces* was published. In 2017 it was placed on the Air Force Chief of Staff's Reading List. Now, more than a decade later, with tens of thousands of copies in circulation across government, industry, and academia, it has become celebrated as a model for engaging in critical discussions on social policy topics that span the spectrum of perspectives on religious expression, race, gender, and sexuality, with contributions from the brightest voices within the US. Since publication, the long-standing debates have continued on the proper role of religious expression within military units. We have seen increasing levels of racial and gender diversity in the senior leadership ranks. *Don't Ask, Don't Tell* was repealed by Congress. Transgender military members have since been allowed to serve openly. Today we continue to engage the traditional ongoing dialogues but with a new focus on the MeToo and BlackLivesMatter movements within society that have ultimately resulted in the transition of power between the 45th and 46th Presidents of the United States. Tomorrow's leaders must not only understand the changing landscape of societal attitudes of the citizens in which they serve, the mandates of our elected leaders that will serve as the Commander in Chief of the US Armed Services, but also to best prepare to lead the men and women of the armed services in the most effective manner possible. Volume I of *Attitudes Aren't Free*

Thinking Deeply About Diversity in the Armed Forces 2010 offered a framework for improving social policy in the areas of religious expression sexuality race and gender by showcasing the complexity through the use of opposing perspectives Volume II reflects on the progress made over the decade since but instead of laying the groundwork of a plurality of perspective as in Volume I Volume II relies on the realities of the national institutional and personal levels using service members lived experiences to develop a more robust understanding of life in the military for individuals from increasingly more diverse backgrounds Ultimately though reflective dialogue Volume II seeks to explore and contrast the current social policies of the US Armed Services with the rhetoric that military institutions continue to espouse around the same topical areas addressed in the first volume This is a Call to Action

Decoding **A More Perfect Military How The Constitution Can Make Our Military Stronger**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. A More Perfect Military How The Constitution Can Make Our Military Stronger Introduction

In the digital age, access to information has become easier than ever before. The ability to download A More Perfect Military How The Constitution Can Make Our Military Stronger has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download A More Perfect Military How The Constitution Can Make Our Military Stronger has opened up a world of possibilities. Downloading A More Perfect Military How The Constitution Can Make Our Military Stronger provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading A More Perfect Military How The Constitution Can Make Our Military Stronger has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download A More Perfect Military How The Constitution Can Make Our Military Stronger. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading A More Perfect Military How The

Constitution Can Make Our Military Stronger. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading A More Perfect Military How The Constitution Can Make Our Military Stronger, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download A More Perfect Military How The Constitution Can Make Our Military Stronger has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About A More Perfect Military How The Constitution Can Make Our Military Stronger Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. A More Perfect Military How The Constitution Can Make Our Military Stronger is one of the best book in our library for free trial. We provide copy of A More Perfect Military How The Constitution Can Make Our Military Stronger in digital format, so the resources that you find are reliable. There are also many Ebooks of related with A More Perfect Military How The Constitution Can Make Our Military Stronger. Where to download A More Perfect Military How The Constitution Can Make Our Military Stronger online for free? Are you looking for A More Perfect Military How The Constitution Can Make Our Military Stronger PDF? This is definitely
