A Paradigm Of The Divine:

A Paradigm of the Divine J. Harris Gabbidon, 2000-12 For centuries mankind has been taught to view the divine from an established point of view to the extent that any attempt to explore the Divine from a totally different angle could be regarded as blasphemous This book attempts to position the reader at an unusual angle to enable him to see the Divine from an unusual perspective Viewing the Divine from such an unusual perspective the reader would be able to see the errors in mankind's beliefs about the Divine as well as the hidden identities of such Divine personalities like the Prophet Elijah John the Baptist and Jesus Christ including secular personalities like Abraham Lincoln and John F Kennedy The errors in our beliefs about the Divine are expressed in satire and are meant to elicit humor particularly for those who falsely claim Christhood The book also attempts to bring out the common denominators between human and Divine endeavors

Journal of Biblical and Theological Studies, Issue 7.2 Daniel S. Diffey, Ryan A. Brandt, Justin McLendon, 2023-09-15 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way Academic journals are often written by scholars for other scholars They are technical in nature assuming a robust knowledge of the field There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students JBTS seeks to provide high level scholarship and research to both scholars and students which results in original scholarship that is readable and accessible As an inter denominational journal JBTS is broadly evangelical We accept contributions in all theological disciplines from any evangelical perspective In particular we encourage articles and book reviews within the fields of Old Testament New Testament Biblical Theology Church History Systematic Theology Practical Theology Philosophical Theology Philosophy and Ethics [The Way of the Platonic Socrates](#) S. Montgomery Ewegen, 2020-09-01 This extraordinary new work by the philosopher and author of Plato's Cratylus has given us nothing less than a radically new Socrates Michael Naas author of Plato and the Invention of Life Who is Socrates While most readers know him as the central figure in Plato's work he is hard to characterize In this book S Montgomery Ewegen opens this long standing and difficult question once again Reading Socrates against a number of Platonic texts Ewegen sets out to understand the way of Socrates Looking closely at the Socrates that emerges from the dramatic and philosophical contexts of Plato's works Ewegen considers questions of withdrawal retreat powerlessness poverty concealment and release and how they construct a new view of this powerful but strange and uncanny figure Ewegen's withdrawn Socrates forever evades rigid interpretation and must instead remain a deep and insoluble question **Platonism and Christian Thought in Late Antiquity** Panagiotis G. Pavlos, Lars Fredrik Janby, Eyjólfur Kjalar Emilsson, Torstein Theodor Tollefsen, 2019-06-07 Platonism and Christian Thought in Late Antiquity examines the various ways in which Christian intellectuals engaged with Platonism

both as a pagan competitor and as a source of philosophical material useful to the Christian faith The chapters are united in their goal to explore transformations that took place in the reception and interaction process between Platonism and Christianity in this period The contributions in this volume explore the reception of Platonic material in Christian thought showing that the transmission of cultural content is always mediated and ought to be studied as a transformative process by way of selection and interpretation Some chapters also deal with various aspects of the wider discussion on how Platonic and Hellenic philosophy and early Christian thought related to each other examining the differences and common ground between these traditions Platonism and Christian Thought in Late Antiquity offers an insightful and broad ranging study on the subject which will be of interest to students of both philosophy and theology in the Late Antique period as well as anyone working on the reception and history of Platonic thought and the development of Christian thought
