## **Adventisms Greatest Need:**

**Adventism's Greatest Need** Ron E. M. Clouzet, 2011      *Postils for Preaching* John Rollefson, 2016-12-09 Postils for Preaching reprimates an old term for commentaries on the appointed texts by assisting preachers in their time honored calling of preaching the Word. Postilla some think probably refers to the reflecting after this meaning upon the texts that preachers must do in the context of the lives of their congregations and larger communities. These essays do not aim to be sermons but sermon starters, goads and incitements to consider the assigned texts with serious imagination and good humor all in the context of the church year and its inter textual connections. The intention of this publication is to dip into a lifetime of that exegetical and homiletical bag of tricks as Jesus himself obliquely recommended when he noted how every scribe who has been trained for the kingdom of heaven is like the master of a household who brings out of his treasure what is new and what is old. Matt 13:52. Please consider these postils a thesaurus, treasury from which to borrow insights, references and allusions as needed and found of value      **The Oxford Handbook of Seventh-Day Adventism** Michael W. Campbell, Christie Chui-Shan Chow, David Holland, Denis Kaiser, Nicholas Miller, 2024. This Oxford Handbook contains 39 original essays on Seventh day Adventism. Each chapter addresses the history, theology and various other social and cultural aspects of Adventism from its inception up to the present as a major religious group spanning the globe      **Adventist Today**, 1993      **Spes Christiana 2020-02** Reinder Bruinsma, 2021-01-12. Spes Christiana is the journal of the European Adventist Society of Theology and Religious Studies (EASTRS). It contains articles from all subdisciplines of theology: Biblical Studies, Church History, Systematic Theology, Practical Theology and Mission Studies, as well as auxiliary disciplines. Major fields and themes of publication include all that are either related to Adventism in Europe or researched by European Adventist scholars      *The Sociology of Hope* Henri Desroche, 1979. This book focuses on hope as a religious phenomenon as the inspiration for various kinds of millenarianism, their cults of possession and utopian experiments. Drawing in particular on anthropology and the sociology of religion, the author presents a survey of millenarianism in many cultures including Judaism, Islam and the early Christians. He also considers more recent millenarianisms such as the Fifth Monarchy Men, the Mormons, the Doukhobors and Black Messiah movements in the Third World. He goes on to indicate the relationships between revolutionary ideologies and religious messianism and points to the contrast between older movements which were predominantly religious and more recent forms of millenarianism which tend to be social in character. He stresses however that both have or had a common aim: the achievement of a perfect society      **Adventist Review**, 1999      **Beyond Belief** Jill Roe, 1986      *Late-Imperial Russia* Adrian Jones, 1997. Cross cultural misunderstandings emerging in the last decades of the Imperial era helped shape the instabilities of the Revolutions of 1917-1921 and their Stalinist aftermath      **Perspectives**, 1991
