Smashing jQuery Jake Rutter, 2011-01-13 From the world's most popular resource for web designers and developers comes the ultimate guide to jQuery Begins with an exploration of fundamental jQuery concepts such as Document Object Model DOM scripting Explores writing Don't Repeat Yourself DRY to gain a comprehensive understanding of these imperative modern techniques and best practices Shows how jQuery enables the user to adhere to these modern best practices with ease The succeeding chapters discuss a specific part of jQuery development such as manipulating the DOM working with Ajax and adding slick animation effects through tutorial style learning approach that utilizes working examples to explore the concept The book caps off by discussing popular ways of extending the core jQuery library with plugins and building web interfaces using jQuery UI

Inside Apple Adam Lashinsky, 2025-05-01 A New York Times and Wall Street Journal bestseller goes behind the scenes of the tech giant that inspired a cult like following for its products If Apple is Silicon Valley's answer to Willy Wonka's Chocolate Factory then author Adam Lashinsky provides readers with a golden ticket to step inside In this primer on leadership and innovation the author introduces readers to concepts like the DRI Apple's practice of assigning a Directly Responsible Individual to every task and the Top one hundred an annual ritual in which one hundred up and coming executives are tapped à la Skull Bones for a secret retreat with company founder Steve Jobs Based on numerous interviews Inside Apple offers exclusive information about how the company innovates deals with its suppliers and handled the transition into the Post Jobs Era Lashinsky a former executive editor for Fortune knows the subject cold In a 2008 cover story for the magazine entitled The Genius Behind Steve Could Operations Whiz Tim Cook Run the Company Someday he predicted that Tim Cook then an unknown would eventually succeed Steve Jobs as CEO While Inside Apple is ostensibly a deep dive into one unique company and its ecosystem of suppliers investors employees and competitors the lessons about Jobs leadership product design and marketing are universal They should appeal to anyone hoping to bring some of that Apple magic to their own company career or creative endeavor A revealing guided tour of Jobs's greatest creation San Francisco Chronicle With an Afterword on the Tim Cook era

What Matters Now Gary Hamel, 2012-01-04 This is not a book about one thing It's not a 250 page dissertation on leadership teams or motivation Instead it's an agenda for building organizations that can flourish in a world of diminished hopes relentless change and ferocious competition This is not a book about doing better It's not a manual for people who want to tinker at the margins Instead it's an impassioned plea to reinvent management as we know it to rethink the fundamental assumptions we have about capitalism organizational life and the meaning of work Leaders today confront a world where the unprecedented is the norm Wherever one looks one sees the exceptional and the extraordinary Business newspapers decrying the state of capitalism Once innovative companies struggling to save off senescence Next gen employees shunning blue chips for social start-ups Corporate miscreants getting pilloried in the blogosphere Entry barriers tumbling in what were once oligopolistic strongholds Hundred year old business

models being rendered irrelevant overnight Newbie organizations crowdsourcing their most creative work National governments lurching towards bankruptcy Investors angrily confronting greedy CEOs and complacent boards Newly omnipotent customers eagerly wielding their power Social media dramatically transforming the way human beings connect learn and collaborate Obviously there are lots of things that matter now But in a world of fractured certainties and battered trust some things matter more than others While the challenges facing organizations are limitless leadership bandwidth isn't That's why you have to be clear about what really matters now What are the fundamental make or break issues that will determine whether your organization thrives or dives in the years ahead Hamel identifies five issues that are paramount values innovation adaptability passion and ideology In doing so he presents an essential agenda for leaders everywhere who are eager to move from defense to offense reverse the tide of commoditization defeat bureaucracy astonish their customers foster extraordinary contribution capture the moral high ground outrun change build a company that's truly fit for the future Concise and to the point the book will inspire you to rethink your business your company and how you lead
