The Knockoff Economy Kal Raustiala (jurist.), Christopher Sprigman, 2012-12-13 Driven by a counterintuitive thesis that has been highlighted in both The New Yorker and The New York Times The Knockoff Economy is an engrossing and highly entertaining tour through the economic sectors where piracy both rules and invigorates **Brand Naming** Rob Meyerson, 2021-12-14 You don't have a brand whether it's for a company or a product until you have a name The name is one of the first longest lasting and most important decisions in defining the identity of a company product or service But set against a tidal wave of trademark applications mortifying mistranslations and disappearing dot com availability you won't find a good name by dumping out Scrabble tiles Brand Naming details best practice methodologies tactics and advice from the world of professional naming You'll learn What makes a good and bad name The step by step process professional namers use How to generate hundreds of name ideas The secrets of whittling the list down to a finalist The most complete and detailed book about naming your brand Brand Naming also includes insider anecdotes tired trends brand origin stories and busted myths Whether you need a great name for a new company or product or just want to learn the secrets of professional word nerds put down the thesaurus not to mention Scrabble and pick up Brand Naming **Alien and the Wedding Planner** Lizzie Lynn Lee, 2017-08-22 It was just one of those days After catering a particularly difficult bridezilla successful wedding planner Alana Watson can't wait for the wedding season to be over Or at least she hopes to get a reasonable client That is why she's excited when a pair of insanely gorgeous men come to her shop for a consultation But no they aren't a couple and they ask weird questions Things escalate when one of them decides to kidnap her and bring her to his home planet This alien feeling in the alien's heart Lord Ice Silverkiller is a renowned scientist on his home planet Crimea His planet is dying and it seems his people don't want to procreate His emperor orders him to find a solution Ice and his crew then embark on the first expedition to Earth They want to know the secret behind the humans explosive population growth But when he sees Alana science is the farthest thing in his mind And the chemical reaction between them is sizzling Like other Crimeans Ice is even tempered and relies on logic rather than his heart But there's nothing logical about this crazy urge to possess this curvalicious human female named Alana Suddenly he is hit by all kind of feelings he's never experienced before To make love to her Always worry about her To protect her and keep her safe To make her his Ice wonders if he finally feels what the humans called love Because this newfound love and Alana might be the keys to save their dying race **Knock Off** Bill Levy, 1995 After a fatal car crash the FBI opens a probe into counterfeit consumer products The investigation centers on a chain of discount stores selling everything from false perfumes to false auto parts The owner of the chain reacts by contracting for the murder of the distributor to keep him from talking A first novel **The Assistant** Cheri Baker, 2018-11-12 They hired her to be an assistant And they trained her to be a spy But can Jessica survive the storms ahead High up in Seattle's most luxurious office tower a powerful woman conceals a dangerous secret Dana Duke the CEO of a

Her assistants are brilliant, beautiful, and willing to do whatever it takes to advance the agency's interests. In return, they're offered pay and perks beyond their wildest dreams. But as the demands of the job become increasingly dangerous and as the consequences of her work turn deadly, Jessica will be thrust into a maelstrom of danger and betrayal.

The Assistant is part one of the Emerald City Spies Trilogy. *The Starter Wife* Nina Laurin, 2019-06-11. From the bestselling author of *Girl Last Seen* comes a spine-tingler. Booklist of a psychological suspense perfect for fans of Lisa Jewell and Jessica Knoll. Local police have announced that they're closing the investigation of the suspected drowning of 37-year-old painter Colleen Westcott. She disappeared on April 11, 2010, and her car was found parked near the waterfront in Cleveland two days later, but her body has never been found. The chief of police has stated that no concrete evidence of foul play has been discovered in the probe. Close the online search window, annoyed. These articles never have enough detail. They think my husband's first wife disappeared, or they think she is dead. There's a big difference. My phone rings, jarring me away from my thoughts, and when I pick it up, it's an unknown number. The only answer to my slightly breathless hello is empty static. When the voice does finally come, it's female, low, muffled somehow. Where is it, Claire? What did you do with it? Tell me where it is. A woman. A real flesh and blood woman on the other end of the phone. She's not just in my head. A wave of panic spreads under my skin like ice water. It's Colleen Laurin. She knows how to ratchet up the suspense. Publishers Weekly.

Cecelia Holmes deserves it after the home invasion that shattered her previous life. Now everything seems perfect: her high security SmartHome, her doting husband, her sweet daughter. Until she begins to feel spied on. Her husband doesn't believe her. Her neighbors ignore her. So when she discovers a shocking secret about the prior occupant of their house, she feels that she has no one to turn to. And now Cecelia must face her fears alone.

To Invent Is Divine James R. Edwards, 2025-04-23. Christians generally know that God created the heavens and the earth and made human beings in his image. They know that the earth is the Lord's and the fullness thereof he owns. His creations. They know that skilled people create and own marvelous works. But a disconnect often occurs when it comes to God's communicable attributes of creativity and ownership and that combination's role in human innovation, technological progress, and practical benefits from human creativity and ownership. *To Invent Is Divine* connects the dots between creativity and ownership as well as the dots between that combination and the fruits of human flourishing.
