these changes They have led the way in innovation user friendliness and ascetically pleasing products that many have tried to contend with and have had no success Apple Inc has created a brand so powerful that their products themselves have become fashionable and almost a never ending trend Their brand loyalty is so deep that consumers will stand in lines for not hours but days awaiting the release of the newest product even if the changes that are made to it are minimal They are the first and only company to create a line of products that seamlessly integrate together and are accessible anywhere with a cellphone signal However many question the company s viability due to the recent passing of former CEO Steve Jobs Will Apple Inc be able to continue in its predecessor s footsteps Or will Apple Inc dwindle away like last years fashion trend This paper will examine Apple Inc using a SWOT Analysis and will bring to light Apple Inc areas of strengths weaknesses opportunities and threats **Apple Value Chain analysis** Billy George,2014-03-14 Seminar paper from the year 2013 in the subject Business economics Operations Research grade B Monash University Melbourne language English abstract Value chain analysis goes a long way in the categorization of the value adding activities in an organization This aspect is important with the fact that firms now increasingly look towards the development of their Sustainable Competitive Advantage based on the value addition to the company s output at each level of the company Kaplinsky Morris 2001 As the value chain as explained later in this paper encompasses the entire organization classified as the inputs for the primary and secondary activities the proper analysis of the same is very crucial to the overall development of the organization and its long term sustainability in this competitive world The analysis of the value chain of the Apple Inc showed a very critical aspect in the manufacturing and production sector of the company This is due to the fact that Apple Inc does not have any manufacturing facilities to produce the hardware for its products They instead rely on the outsourcing of the manufacturing to Chinese corporations This can be very detrimental to the company in the long run Another aspect that could be improved is the Human resource aspect that makes a part of the support activity of the value chain Our recommendations would include to build manufacturing units to buffet the firm from external influences to make changes in the technology aspect by making the operating system open sourced and to have more robust human resource policies to make it very employee friendly IP and Antitrust: An Analysis of Antitrust Principles Applied to Intellectual Property Law, 3rd Edition Hovenkamp, Janis, Lemley, Leslie, Carrier,2016-01-01 *Equity Markets and Portfolio Analysis* R.
