Guaicuruan family and references to earlier studies Architecture, State Modernism and Cultural Nationalism in the Apartheid Capital Hilton Judin, 2021-04-08 This book is the first comprehensive investigation of the architecture of the apartheid state in the period of rapid economic growth and political repression from 1957 to 1966 when buildings took on an ideological role that was never remote from the increasingly dominant administrative legislative and policing mechanisms of the regime It considers how this process reflected the usurpation of a regional modernism and looks to contribute to wider discourses on international postwar modernism in architecture Buildings in Pretoria that came to embody ambitions of the apartheid state for industrialisation and progress serve as case studies These were widely acclaimed projects that embodied for apartheid officials the pursuit of modernisation but carried latent apprehensions of Afrikaners about their growing economic prospects and cultural estrangement in Africa It is a less known and marginal story due to the dearth of material and documents buried in archives and untranslated documents Many of the documents drawings and photographs in the book are unpublished and include classified material and photographs from the National Nuclear Research Centre negatives of 1960s from Pretoria News and documents and pamphlets from Afrikaner Broederbond archives State architecture became the most iconic public manifestation of an evolving expression of white cultural identity as a new generation of architects in Pretoria took up the challenge of finding form to their prospects and beliefs It was an opportunistic faith in Afrikaners who urgently needed to entrench their vulnerable and contested position on the African continent The shift from provincial town to apartheid capital was swift and relentless Little was left to stand in the way of the ambitions and aim of the state as people were uprooted and forcibly relocated structures torn down and block upon block of administration towers and slabs erected across Pretoria This book will be of great interest to students and scholars of architectural history as well as those with an interest in postcolonial studies political science and social anthropology Solid Catalysts for the Upgrading of Renewable Sources Nicoletta Ravasio, Federica Zaccheria, 2019-03-26 The use of solid catalysts for the upgrade of renewable sources gives the opportunity to combine the two main cores of green chemistry that is on the one hand the set up of sustainable processes and on the other the use of biomass derived materials Solid catalysts have taken on a leading role in traditional petrochemical processes and could represent a key tool in new biorefinery driven technologies This book will cover topics related to the preparation and use of heterogeneous catalytic systems for the transformation of renewable sources as well as of materials deriving from agro industrial wastes and by products At the same time the ever increasing importance of bioproducts due to the acceptance and request of consumers makes the upgrade of biomass into chemicals and materials not only an environmental issue but also an economical advantage **Origin of Life via Archaea** Richard Gordon, 2024-10-01 This book surveys the models for the origin of life and presents a new model starting with shaped droplets and ending with life as polygonal Archaea it collects the most published micrographs of Archaea discovered only in 1977 which support this conclusion and thus provides the first visual survey of Archaea Origin of Life via Archaea s purpose is to add a new

hypothesis on what are called shaped droplets as the starting point for flat polygonal Archaea supporting the Vesicles First hypothesis The book contains over 6000 distinct references and micrographs of 440 extant species of Archaea 41% of which exhibit polygonal phenotypes It surveys the intellectual battleground of the many ideas of the origin of life on earth chemical equilibrium autocatalysis and biotic polymers This book contains 17 chapters some coauthored on a wide range of topics on the origin of life including Archaea s origin patterns and species It shows how various aspects of the origin of life may have occurred at chemical equilibrium not requiring an energy source contrary to the general assumption For the reader s value its compendium of Archaea micrographs might also serve many other interesting questions about Archaea One chapter presents a theory for the shape of flat polygonal Archaea in terms of the energetics at the surface edges and corners of the S layer Another shows how membrane peptides may have originated The book also includes a large table of most extant Archaea that is searchable in the electronic version It ends with a chapter on problems needing further research Audience This book will be used by astrobiologists origin of life biologists physicists of small systems geologists biochemists theoretical and vesicle chemists

Sociology in South Africa R. Sooryamoorthy, 2016-08-13 This book is the first comprehensive account of the history and current state of South African sociology Providing a holistic picture of the subject both as it is taught in universities and as a field of research it reveals the trajectories of a discipline in a challenging socio political context With the support of historical and scientometric data it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature direction and foci of sociological research in the country The author shows how during the apartheid era sociology was professionally fragmented and divided along language and race lines It was however able to flourish with the advent of democracy in 1994 and has become a unique academic movement This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa

Fees Must Fall Susan Booyesen, 2016-10-01 This book explores the student discontent a year after the start of the 2015 South African FeesMustFall revolt FeesMustFall the student revolt that began in October 2015 was an uprising against lack of access to and financial exclusion from higher education in South Africa More broadly it radically questioned the socio political dispensation resulting from the 1994 social pact between big business the ruling elite and the liberation movement The 2015 revolt links to national and international youth struggles of the recent past and is informed by black consciousness politics and social movements of the international left Yet its objectives are more complex than those of earlier struggles The student movement has challenged the hierarchical top down leadership system of university management and it s double speak of professing to act in workers and students interests yet entrenching a regressive system for control and governance University managements while on one level amenable to change have also co opted students into their ranks to create co responsibility for the highly bureaucratised university financial aid that stands in the way of their social revolution This book maps the contours of student discontent a year after the start of the FeesMustFall revolt Student

voices dissect colonialism improper compromises by the founders of democratic South Africa feminism worker rights and meaningful education In depth assessments by prominent scholars reflect on the complexities of student activism its impact on national and university governance and offer provocative analyses of the power of the revolt *Palatal Sound Change in the Romance Languages* André Zampaulo,2019 This book presents a formal constraint based account of the main diachronic and synchronic patterns of variation in the palatal sounds of the Romance languages It will appeal to graduate students and researchers in historical linguistics phonetics and phonology Romance linguistics and dialectology more broadly

The Top Books of the Year Application Form For Admission For Uj 2015 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
