

**A MODERN HISTORY
OF
TRANSCAUCASIAN ARMENIA**

Manuel Sarkisyanz

A Modern History Of Transcaucasian Armenia

Ronald G. Suny

A Modern History Of Transcaucasian Armenia:

A Modern History of Transcaucasian Armenia Manuel Sarkisyanz, 1975 **Manuel Sarkisyanz, A Modern History of Transcaucasian Armenia. Social, Cultural and Political** Emanuel Sarkisyanz, 1975 Armenia, Azerbaijan, and Georgia Ronald G. Suny, 1996-04 *The Tsar's Armenians* Onur Önel, 2017-05-30 In 1903 Tsar Nicholas II issued a decree allowing the confiscation of Armenian Church property marking the low point in relations between imperial Russia and its Armenian subjects Yet just over a decade later Russian Armenians were fully supportive of the Russian war effort Drawing on previously untouched archival material and a range of secondary sources published in English French Russian and Turkish this is the first English language study of this drastic change in relations in the Caucasus Onur Onel explains how and why the shift took place by looking in detail at the imperial Russian authorities and their relationship with the three pillars of the Russian Armenian community the Armenian Church the Armenian bourgeoisie and the Armenian Revolutionary Federation Dashnaksutiun Onol places the evolution within a context of wider political questions such as the Russian revolutionary movement Russia's nationalities question Tsarist fears of pan Islamism the path to World War I and the influence of key characters in Russian policy making from Pyotr Stolypin to Illarion Vorontsov Dashkov This book fills a conspicuous void in the extant historiography and will be of interest to scholars working on Russian Armenian and Ottoman history **Armenia** Robert Krikorian, Joseph Masih, 2013-10-11 Since the collapse of the Soviet Union Armenia has remained on the brink of on the brink of becoming an economic crossroads or an isolated backwater a democratic or authoritarian state a peaceful and prosperous country or a nation on the brink of conflict Armenia's difficult independence is intricately linked with her transcaucasian neighbours and whichever path she follows they will undoubtedly be affected Armenia At the Crossroads considers Armenia as a nation and as a state and puts her tragic history into the context of current events since independence *The Armenians* David Marshall Lang, 2021-12-19 Originally published in 1981 this book tells the story of the Armenian dispersion and gives a graphic account of the persecution of the Armenians by the Turks from 1895 to 1922 which foreshadowed the Jewish holocaust at the hands of Hitler who is said to have modelled some of his own ideas on those of the Young Turks Drawing upon material from little known sources this book follows the trail of the Armenians from their native lands around Mount Ararat to such far flung spots as Lhasa Harbin and Buenos Aires This lively and readable book is an excellent account of a people who have been partly in exile for some 2 000 years The Armenians Razmik Panossian, 2006-05-27 *The Armenians* traces the evolution of Armenia and Armenian collective identity from its beginnings to the Armenian nationalist movement over Gharabagh in 1988 Applying theories of national identity formation and nationalism Razmik Panossian analyzes different elements of Armenian identity construction and argues that national identity is modern predominantly subjective and based on a political sense of belonging Yet he also acknowledges the crucial role of history art literature religious practice and commerce in preserving the national memory and shaping the cultural identity of the

Armenian people Panossian explores a series of landmark events among them Armenians first attempts at liberation the Armenian renaissance of the nineteenth century the 1915 genocide of the Ottoman Armenians and Soviet occupation He shows how these influences led to a multilocal evolution of Armenian identity in various places in and outside of Armenia notably in diasporan communities from India to Venice Today these numerous identities contribute to deep divisions and tensions within the Armenian nation the most profound of which is the cultural divide between Armenians residing in their homeland and those who live in the United States Canada the Middle East and elsewhere Considering the diversity of this single nation Panossian questions the theoretical assumption that nationalism must be homogenizing Based on extensive research conducted in Armenia and the diaspora including interviews and translation of Armenian language sources The Armenians is an engaging history and an invaluable comparative study

Historical Dictionary of Armenia Rouben Paul Adalian,2010-05-13 There are two Armenias the current Republic of Armenia and historic Armenia The modern state dates from the early 20th century Historic Armenia was part of the ancient world and expired in the Middle Ages Its people however survived and from its residue recreated a new country The history of the Armenians is the story of how an ancient people endured into modern times and how its culture evolved from one conceived under the influence of Mesopotamia to one redefined by the civilization of Europe The second edition of the Historical Dictionary of Armenia relates the turbulent past of this persistent country through a chronology an introductory essay a bibliography and over 200 cross referenced dictionary entries on significant persons events places organizations and other aspects of Armenian history from the earliest times to the present

Looking Toward Ararat Ronald Grigor Suny,1993-05-22 As a new independent Republic of Armenia is established among the ruins of the Soviet Union Armenians are rethinking their history the processes by which they arrived at statehood in a small part of their historic homeland and the definitions they might give to boundaries of their nation Both a victim and a beneficiary of rival empires Armenia experienced a complex evolution as a divided or an erased polity with a widespread diaspora Ronald Grigor Suny traces the cultural and social transformations and interventions that created a new sense of Armenian nationality in the nineteenth and twentieth centuries Perceptions of antiquity and uniqueness combined in the popular imagination with the experiences of dispersion genocide and regeneration to forge an Armenian nation in Transcaucasia Suny shows that while the limits of Armenia at times excluded the diaspora now at a time of state renewal the boundaries have been expanded to include Armenians who live beyond the borders of the republic
