A Period of Juvenile Prosperity Mike Brodie, 2012 Photographs taken by Mike Brodie between 2006 and 2009 in the United States **A Period of Juvenile Prosperity**, 2012-01-01 *Mike Brodie - a Period of Juvenile Prosperity* Mike Brodie, 2014 *A Period of Juvenile Prosperity*, 2012-01-01 *A Period of Juvenile Prosperity*, 2012-01-01 **Michael Brodie: Failing**, 2024-10-15 Brodie's decade long record of his transient American life brimming with poignant stories of those he encountered along the way Mike Brodie's first monograph *A Period of Juvenile Prosperity* touched down more than decade ago depicting his fellow rail riders and drifters in a rebellious and wildfire pursuit of adventure and freedom Brodie leapt into the life of picture making as if he was the first to do it Danny Lyon wrote about the book in *Aperture* Next came *Tones of Dirt and Bone* a collection of earlier SX 70 pictures Brodie made when photography first led him to hopping freights when he was known as The Polaroid Kidd And then Brodie seemed to disappear from the art world as suddenly and mysteriously as he'd first appeared Maybe his vanishing was another myth Maybe it was just a necessary retreat I was divorcing myself from all that he says I was growing up I was pursuing this other life If *A Period of Juvenile Prosperity* was a cinematic dream *Failing* is the awakening and the reckoning a raw wounded and searingly honest photographic diary of a decade marked by love and heartbreak loss and grief Here is the flip side of the American dream seen from within here is bearing close witness to the brutal chaos of addiction and death here are front seat encounters with hitchhikers and kindred wanderers on society's edges sustained by the ragtag community of the road *Failing* often exists in darkness but is tuned to grace Brodie's eye stays forever open to the strange and fleeting beauty that exists in forgotten places the open country and the lost horizons that sweep past dust spattered windows in a spectral blur Michael Brodie born 1985 is the author of *A Period of Juvenile Prosperity* 2013 and *Tones of Dirt and Bone* 2015 He lives with his girlfriend in Biloxi Mississippi where the railroad is never far just hidden in the trees from view Unseen it rattles the windows and floors of their apartment every time a train passes through *Understanding Photobooks* Jorg Colberg, 2016-11-10 *Understanding Photobooks* is a user friendly guide to engaging with the photographic book or as it is widely known the photobook Despite its importance as a central medium in which many photographers showcase their work today there is surprisingly little information on the mechanics of the photobook what exactly it does and how it does it Written for makers and artists this book will help you develop a better understanding of the images concept sequence design and production of the photobook With an awareness of the connections between these elements you'll be able to evaluate photobooks more clearly and easily ultimately allowing for a deeper and more rewarding experience of the work *Marvel Comics' Civil War and the Age of Terror* Kevin Michael Scott, 2015-09-03 Marvel Comics has an established tradition of addressing relevant real life issues facing the American public With the publication of *Civil War* 2006 2007 a seven issue crossover storyline spanning the Marvel universe they focused on contemporary anxieties such as terrorism and threats to privacy and other civil liberties This collection of new

essays explores the Civil War series and its many tie in titles from the perspectives of history political science sociology psychology literary criticism philosophy law and education The contributors provide a close reading of the series main theme the appropriate balance between freedom and security and discuss how that balance affects citizenship race gender and identity construction in 21st century America *Visual Sociology* Douglas Harper,2023-06-09 This new version of the authoritative textbook in the field of visual sociology focuses on the key topics of documentary photography visual ethnography collaborative visual research visual empiricism the study of the visual symbol and teaching sociology visually This updated and expanded edition includes nearly twice as many images and incorporates new in depth case studies drawing upon the author s lifetime of pioneering research and teaching as well as the often neglected experiences of women and people of color The book examines how documentary photography can be useful to sociologists both because of the topics examined by documentarians and as an example of how seeing is socially constructed Harper describes the exclusion of women through much of the history of documentary photography and the distinctiveness of the female eye in recent documentary a phenomenon he calls the gendered lens The author examines how a visual approach allows sociologists to study conventional topics differently while offering new perspectives topics and insights For example photography shows us how perspective itself affects what we see and know how abstractions such as ideal types can be represented visually how social change can be studied visually and how the study of symbols can lead us to interpret public art architecture and person made landscapes There is an extended study of how images can lead to cooperative research and learning how images can serve as bridges of understanding blurring the lines between researcher and researched The important topic of reflexivity is examined by close study of Harper s own research experiences Finally the author focusses on teaching offering templates for full courses assignments and projects and guides for teachers imagining how to approach visual sociology as a new practice This definitive yet accessible textbook will be indispensable to teachers researchers and professionals with an interest in visual sociology research methods cultural theory and visual anthropology **Vagabonds, Tramps, and Hobos** Owen Clayton,2023-08-10 The most enduring version of the hobo that has come down from the so called Golden Age of Tramping 1890s to 1940s is an American cultural icon signifying freedom from restraint and rebellion to the established order while reinforcing conservative messages about American exceptionalism individualism race and gender *Vagabonds Tramps and Hobos* shows that this pioneer hobo image is a misrepresentation by looking at works created by transient artists and thinkers including travel literature fiction memoir early feminist writing poetry sociology political journalism satire and music This book explores the diversity of meanings that accrue around the hobo and the tramp It is the first analysis to frame transiency within a nineteenth century literary tradition of the vagabond a figure who attempts to travel without money This book provide new ways for scholars to think about the activity and representation of US transiency
