A Practical Grammar Of Basic Biblical Hebrew:

A Practical Grammar of Basic Biblical Hebrew Laurence M. Vance, 1997 *Basics of Biblical Hebrew Grammar* Gary D. Pratico, Miles V. Van Pelt, 2019-02-05 Basics of Biblical Hebrew Grammar is the standard textbook for beginning Hebrew language students in colleges and seminaries It offers a clear understandable and integrated approach to learning Biblical Hebrew The third edition is significantly updated and revised to provide students with the best possible tool for learning Biblical Hebrew **Biblical Hebrew for All** Tian Hattingh, 2021-04-28 This is a uniquely different textbook for studying Biblical Hebrew It was written by a fellow student who found that gaining some very basic knowledge of the language dramatically and positively changed his previously held views of the Old Testament In addition the author realized that the language was actually not so difficult to master and that someone with an average intelligence like himself could with a bit of dedication and effort actually master the bulk of the material He started teaching his friends in South Africa and later in China They were ordinary folk from all walks of life who also for some time wanted to gain a basic insight into the original language of the Old Testament but did not want to in any way become involved in formal academic studies The author was delighted to find that the style and pace in which he presented the material coupled with the their enthusiasm resulted in these laymen and women immediately making rapid and lasting progress They agreed that the new insights gained even from the first lesson were fascinating and they were excited by the prospect of learning more He soon realized that the textbooks available at that time were not written with these type of students in mind and he started making hand outs suitable for his special target population With the encouragement of his mentor from a few decades earlier to whom this book is dedicated and another genius in the field he perfected the notes technically and they became the genesis of what is now presented in this publication Windows to the Ancient World of the Hebrew Bible Bill T. Arnold, Nancy L. Erickson, John H. Walton, 2014-02-25 This honorary volume of scholarly essays celebrates Dr Samuel Greengus Julian Morgenstern Professor of Bible and Near Eastern Literature and Professor of Semitic Languages at Hebrew Union College Jewish Institute of Religion esteemed teacher and mentor The contributions are varied in scope including studies of biblical texts and the ancient Near East Together the essays demonstrate the rich and vast field that is the study of the Hebrew Bible and thus highlight the profound and broad influence that Samuel Greengus has had on multiple generations of students now scholars in a field that he has helped shape Windows to the Ancient World of the Hebrew Bible is sure to delight the reader and holds unique importance for students of the Hebrew Bible and ancient Near East It presents innovative research and heralds fine scholarship representative of an even finer scholar A Basic Bibliography for the Study of the Semitic Languages J.H.
