A Principals Journey The School As My Classroom:

A Principal's Journey Irene Hannigan, 2014-06-30 **A Principal's Personal Journey** Sylvester Carrington Ed. D, 2011-03-24 **New Teachers in Urban Schools: Journeys Toward Social Equity Teaching** Althier M. Lazar, Leslie M. Reich, 2016-03-07 This volume informs the reader about new teachers in urban underserved schools and their development as teachers for social equity The accounts of five novice teachers who grew up outside the communities in which they teach lead to chapters that contain advice for teacher educators future and current teachers and school leaders These early career teachers learned much about bridging the cultural divide between themselves and their students confronted and resolved big challenges that may immobilize some who set out to teach in these communities They brought to their classrooms strong social justice orientations including a moral imperative to make a difference in the world an awareness of social and educational inequalities and a strong sense of responsibility to positively influence the life trajectories of students in their charge Their narratives offer insights on the dispositions and contexts that will help early career teachers survive and thrive and make a difference in their students lives **Teacher Journeys** Rita Gilbert Greer EdD, 2020-04-24 Where you live does not define who you are or who you can be Those were the words of a wise woman who did not know that she was a teacher or that her words would be remembered and passed on to future generations long after she died However this wise woman did know that to make her belief come to fruition education was the key For many African Americans who travelled life s highway during the twentieth century caring teachers were their guiding star their map their GPS and their light through the tunnel Teachers gave students confidence hope determination knowledge and a feeling of yes you can In this book the author rejects the idea that anybody can teach and provides clear distinct criteria for anyone thinking about teaching as a career The stories she shares also serve as a thank you to all of America s teachers Discover how African American teachers have inspired students to succeed and pay it forward with the remarkable stories in Teacher Journeys We must have outstanding teachers in today s schools Expectations are key to student performance and teacher success If teachers have realistic expectations our kids will try to live up to them No child wants to be a failure and no good teacher wants their students to fail Daisy R Wright Teacher Without knowledge and skills opportunities cease The burden of developing and imparting the knowledge and skills has been placed squarely upon teachers regardless of how unfair and lopsided it seems If anyone is thinking about becoming a teacher he or she must understand that this profession makes the biggest imprint of any occupation in society Verna Cahoon Principal **The Right to Teach** Alcione Negrao Ostorga, 2018-05-02 The current accountability environment of education in the US has focused on the discussions of improving the quality of educational outcomes based on a set of assumptions that exclude the perspectives of the teacher This book fills important gaps in the educational reform rhetoric from a theoretical and practical perspective because it first argues for the professionalization of teaching so that teachers can make professional decisions in their classrooms instead of simply following directions from

their supervisors in a top down fashion Then the book provides a detailed framework that can assist educators in creating spaces where teachers can exercise agency in a way that will benefit their students *Principal Leadership for Racial Equity* Candace Raskin,Melissa Krull,Antonia Felix,2021-03-13 Enhance your capacity for antiracist leadership The COVID 19 pandemic has illuminated deep seated structural inequities in our schools and across society More than ever education leaders are being challenged to take action to disrupt the institutional racism that undergirds many of our longstanding policies and practices Our students are challenging us to step up and be antiracists who commit to the uncompromising belief all children can learn and deserve an exceptional education Based on 10 years of work leading the Institute for Courageous Principal Leadership this book guides leaders to expanding their racial consciousness through self reflection and provides the tools they need to counter implicit bias and respond to resistance Grounded in research but written in practitioner friendly language this book Focuses on systemic leadership and institutional failures as the source of predictable student outcomes Leverages research and theory to create a process for principals to build racially equitable practices Navigates the politics of leadership without compromising student achievement The practical lessons and strategies in this book will equip you with the skills to implement the leadership and actions that must be taken to confront the reality of systemic racism in education and transform schools into learning environments with a student centered commitment to high achievement for every learner *Trip* Amie Barrodale,2025-09-02 A woman embarks on an odyssey through the afterlife to help her son who is literally and figuratively lost at sea a hilarious and deeply moving voyage of the body and the mind Sandra dies suddenly at a death conference in Nepal attended by academics and mystics Days later back in America her teenage son Trip runs away with a man who picks him up on the side of a road Sandra tries to get a message back to Trip through the mystics but the mystics are distracted and her son and the strange man set out to sea Amie Barrodale s first novel features restless souls Buddhist deities divorcees in recovery programs arguing academics uncomprehending school principals and treatment centers for troubled teenagers It journeys from body to body through life and death and back again It tells the story of a mother and son who find other people hard to understand and who are themselves misunderstood Guiding this wild unpredictable journey is deep devotion the desire to save a child and to be a good mother despite it all Wide eyed with wonder blazingly funny and achingly moving Trip brings us the deeper meaning of The Tibetan Book of the Dead the past is a memory the future is a projection the present is gone before we can see it *When Your Faith Choices Are Unclear* Dr. Clara J. Ushman,2024-12-24 Have you ever wondered Who do I believe What is truth How do I know what I am doing is right I have asked these exact questions many times We all have For me growing up and learning from two different Christian denominations early on made my spiritual journey a crazy ride as seen in this book Many of us are not certain about a variety of our own faith questions So what do we do about this How are these questions to be answered Is it simply reading more scripture More prayers More life experiences Or maybe have I already got the answers but have not recognized them in

myself Not easy questions to answer This book will guide you along with my experiences to ask these exact questions Maybe your own answers will come from this book or you could be asking even deeper questions about yourself Join me as we walk through several spiritual excursions
