A Priest Forever Nine Signs Of Renewal And Hope:

Hope Springs Eternal in the Priestly Breast James Valladares PhD, 2012-04-09 The clergy abuse scandal has posed the greatest threat to the traditional understanding of the Catholic priesthood since the Protestant Reformation Now as then the deadliest attacks are coming from within the Church In an attempt to improve a system that allowed a small minority of the clergy to violate children and ameliorate the gross negligence of some bishops who recycled these predators the American bishops instituted the Charter for the Protection of Children and Young People in 2002 It is unfortunately doing the Church more harm than good In *Hope Springs Eternal in the Priestly Breast* Fr James Valladares shows how justice and charity have been violated by some bishops in dealing with accused priests He examines the pertinent canons that guide the Church's judicial system and finds that these are often ignored or wrongly applied He provides true cases that highlight the injustice of the process and the agony of priests who have been subjected to the charters draconian mandates The Church has incurred tremendous financial losses because of settlements rising from both legitimate and false claims Her image has been marred by the secular media which has taken advantage of the crisis Even so we often fail to understand how trivial these are in comparison to the damage done to the priesthood by the enactment of the charters policies This is the most pressing issue that the bishops need to address

Gold Tested in Fire Ronald D. Witherup, 2012-02-01 The recent Year for Priests focused considerable attention on the priesthood resulting in many books articles retreats conferences and symposia In *Gold Tested in Fire* Ronald D Witherup SS makes an important new contribution Intersecting scriptural and theological context with lived pastoral insight Witherup explores both classic and contemporary understandings of the priesthood offers insights into the four pillars suggested for priestly formation and looks at the charism of priests and the need for ongoing formation across a life span Having engaged in priestly formation in seminaries for a number of years Witherup moves beyond overly idealized or pietistic approaches to the presbyteral life to offer key insights on the challenges and rewards inherent in contemporary priestly ministry Underlying his approach is the firm conviction that the present testing in the priesthood is a profound summons to a new Pentecost in opportunity for the priesthood to be cleansed and remade and ultimately stronger

A Priest Forever Alfred McBride, 2010 In this very personal and moving reflection on the meaning of the priesthood Father Alfred McBride explores a priest's commitment to feed our people and witness the church's social teachings to spend time in daily prayer to find solutions to the crisis of priestly identity plaguing today's priests and to become a man of personal mercy in all one's dealings as a priest

Signs of Hope in the City Robert D. Carle, Louis A. DeCaro, 1997 By bringing together the stories of several of New York's most effective practitioners of urban ministry *Signs of Hope in the City* dramatizes the ways in which churches and church-based coalitions are reversing urban decay and social disintegration These stories will help readers develop a theology of urban ministry by showing how faith commitments govern and empower the lives of urban Christians

Hebrews, the General Letters, and Revelation Charles B. Puskas,2016-10-28 Most New Testament NT introductions because of page limitations and other reasons tend to minimize their treatment of the last nine books of the Christian Bible from Hebrews to Revelation The focus in these introductions is often on the four Gospels and the Letters of Paul As important as these books are one should not neglect with only a brief survey the treatment of Hebrews the General Letters and the book of Revelation The title given later to the collection Catholic Epistles or General Letters is a reminder of its general appeal to the whole church despite its slow canonical recognition and authorship issues Nevertheless these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation When and why was each book written By whom and to whom was each book written What are some special features of each book How soon or late was each book included in the NT collection Answers to many of these questions are tentative The assured results of scholarship are in continual need of reevaluation Since the 1980s a host of diverse studies have emerged and I have endeavored to include them when they are relevant to the discussion
