Atlas Of The Worlds Religions:

The Atlas of Religion Joanne O'Brien, Martin Palmer, 2016-05-04 The world's religions have emerged as one of the greatest geopolitical forces now shaping our lives. Now available in an updated edition, this authoritative atlas is an essential resource for understanding the powerful role of religion around the globe. In an accessible text packed with information, it maps the current nature, extent, and influence of each of the major religions and shows country by country how religions are spread through broadcasting, missionary work, schooling, and banking; how they relate to government laws and world hunger; and the role they play in wars. It traces the emergence of new religious movements, the survival of traditional beliefs, and the presence of atheism and agnosticism. The Atlas of Religion also locates the origin, the heartland, and the sacred places of each of the major religions and provides essential background with a valuable table showing the fundamental beliefs of Buddhism, Christianity, Hinduism, Islam, Judaism, Sikhism, and Taoism.
