APOCRIFI DELL'ANTICO TESTAMENTO

a cura di Paolo Sacchi

E si presero, per loro, *le mogli* e ognuno se ne scelse una e cominciarono a recarsi da loro. E si unirono con loro e insegnarono ad esse *l'arte di coltivare e di tessere* e mostrarono loro il taglio di piante e radici. Ed esse rimasero incinte e generarono *giganti* la cui statura, per ognuno, era di tremila cubiti. Costoro mangiarono tutto il frutto della *terra degli uomini* fino a non poterli, gli uomini, più sostentare. E i giganti si voltarono contro di loro per mangiare gli uomini. E cominciarono a peccare contro *gli uccelli, gli animali, i rettili, i pesci* e a mangiarsene, fra loro, la loro carne e a berne il sangue. La terra, allora, accusò gli iniqui.

Of Courtiers and Kings Tawny L. Holm, 2013-11-14 Holm s book is an innovative approach to the biblical Book of Daniel It places Daniel against the background of story collections an ancient genre that began in Egypt in the mid second millennium B C E This work focuses on Daniel 6 4 and provides detailed comparisons with specific bodies of story collections and other related material from the Ancient Near East In this regard special attention is given to Egyptian court tales a large corpus mostly neglected by previous biblical scholars Thus this book brings new evidence and fresh insights to the field of Daniel studies which in recent years has generated constant interest especially as it pertains to textual issues and literary matters Setting Daniel against an explicit definition of the story collection genre redefines a vast array of questions concerning textual criticism compositional history and the overall nature of the book For instance the divergent texts of the narrative parts of Daniel the Masoretic text and the Greek editions in Theodotion and the Septuagint now need to be described in part as variant editions or tellings of a common core material rather than as translations of older written texts with clearly traceable genealogies When Daniel is studied in the context of story collections and kindred compositions from the Ancient Near Eastern and neighboring literatures new light is shed on the literary traditions and processes from which the Daniel stories arose There are a greater number of court tales and cycles than previously recognized as in the case of Qumran but also the Egypt Demotic corpus The detailed discussion of all these materials allows us to appreciate the Book of Daniel in a much wider literary milieu and it furthers our understanding of the history of its composition and early transmission

Prophets of Old and The Day of the End Tigchelaar, 2021-12-06 Prophets of Old and The Day of the End argues for a historical and literary approach to apocalyptic It tackles the problem of the origins of early Jewish apocalyptic by describing the correspondences and differences between some so called protoapocalyptic and apocalyptic texts The bulk of the book consists of exegetical studies of parts of Zechariah Deuterozechariah and the Enochic Book of

Watchers Most of these studies offer new interpretations of the examined texts The framework of the book presents fresh perspectives on apocalyptic Some parts are more important to the scholar of post exilic prophecy and other parts to the student of the intertestamental literature Yet the overall approach and the conclusions bearing on the phenomenon of apocalyptic are of interest to scholars of both fields

The Book of Daniel and the Apocryphal Daniel Literature

Lorenzo DiTommaso, 2005-05-01 This volume illuminates the full extent of the corpus of ancient and mediaeval apocryphal Daniel literature It is the first study to examine the Daniel legenda the apocryphal apocalypses and the prognostica as discrete categories of texts and to evaluate their generic relationship to the biblical Book of Daniel Special emphases include the identification of the texts and their manuscript evidence as well as the study of late antique and early mediaeval apocalyptic literature attributed to Daniel This volume will be of particular interest to biblical scholars and to those who specialise in biblical apocrypha and pseudepigrapha

Jewish Apocalyptic and Its History Paolo Sacchi, 1996-12-01 This translation of *L'apocalittica giudaica e la sua storia* makes Professor Sacchi's expertise on Jewish apocalyptic available to a wider English reading audience Sacchi argues for a more precise literary and historical definition of apocalyptic focusing on the material of 1 Enoch

L'Apocalypse des animaux (1 Hen 85-90): une propagande militaire? Daniel

Assefa, 2007-09-30 For the majority of scholars the Animal Apocalypse is a militant text a piece of pro Maccabean propaganda This text however develops theological reflections that are distinctly different from a justification of an armed struggle Its themes are even incompatible with the Maccabean movement It is impossible to condemn the Second Temple and at the same time mobilise people for a fight in order to purify that very Temple After dealing with text critical issues this work challenges the thesis that the text is military propaganda through the use of narrative and historical approaches The analyses besides proposing a new way of studying an apocalypse spell out the peculiarity and the significance of the theology of the Animal Apocalypse in connection with the biblical history of Israel and the theology of the Qumran community
