The Art of Christmas Brittain Joy Cephas, 2015-12-04 The Art of Design series is such a success I decided to create The Art of Christmas How to Use This Book The Art of Christmas serves two purposes One is to help you make a daily practice of finding hoping in every situation The other is to unwind by expressing your creativity through coloring In your daily journal take the time to go through your day and reflect on what makes you happy during the holidays Every year there are special memories that make the particular holiday special to you If you look back to your childhood and remember how you wiled the hour s away coloring it was and still is very cathartic There are 63 journal pages one for each day for two months A full page to write whatever and wherever you find holiday cheer the opposite page is for you to color the beautiful holiday art into reality while relaxing the time away Enjoy this very special time with The Art of Christmas coloring journal Focus on the Family with Dr. James C. The Delineator R. S. O'Loughlin, H. F. Montgomery, Charles Dwyer, 1903 **Exploring Giftedness and Autism** Trevor Clark, 2016-06-10 Savant and splinter skills are seen in memory art music or spatial skill amongst others They can appear remarkable but tend to be seen as obsessive behaviors Exploring Giftedness and Autism is based on a unique study which introduces and explores a differentiated curriculum and presents a combination of strategies employed in the education of gifted children and autistic children Providing insights on the obsessive nature of savant skills the challenging behaviors of savants and the familial link between the subject child s savant abilities and giftedness the author highlights how the inclusion of this curriculum is critical in promoting better school performance and post school employment opportunities The study has demonstrated the importance of using a strengths rather than a deficits approach in the education of students with a disability and regards autistic savants as gifted students with disabilities or as twice exceptional students with autism With a practical section dedicated to putting the research into practice this book is an incredibly important read for anyone working with gifted young people with disabilities in the classroom **Heritage Comics Auctions, Dallas Signature Auction Catalog #817** Ivy Press, 2005-06 The New Age Alfred Richard Orage, Arthur Moore, 1911 The Athenaeum ,1911 **The Congregationalist and Christian World** ,1905
