

ELEMENTARY ART LESSON PLAN

[Your Company Email] [Your Company Website] [Your Company Number]

Elementary Art Lesson Plan

Prepared by: [Your Name]
School Name: [Your Company Name]

I. Objective

Students will learn about the warm and cool colors and how to use them to create a visually appealing artwork. They will explore the color wheel and practice mixing colors while engaging in a hands-on painting activity.

II. Materials Needed

Watercolor paper or drawing paper	Watercolor paints
Water cups	Brushes
Palettes	Color wheel chart
Pencils	Erasers
Paper towels	Aprons or old shirts to protect clothing

III. Introduction (10 minutes)

Start by welcoming the students and providing a brief overview of the lesson. Explain that they will learn about warm and cool colors and how artists use them in their artwork. Show a color wheel and discuss the different sections: warm colors (red, orange, yellow) and cool colors (blue, green, purple).

IV. Instruction (15 minutes)

Demonstrate how to mix colors on a palette. Show examples of warm and cool colors mixed together to create secondary colors. Discuss the effects of combining warm

Art Inquiry Lesson Plan:

Creating Vibrant Art Lesson Plans Kristin Baxter, 2019-04-05 Writing lesson plans is often considered busywork but it can be a useful path for discovering what's important about artmaking and teaching. This book shows teachers how to slow down, breathe, and linger over the process of unit and lesson plan writing to uncover how much this process can support them professionally, creatively, and personally. The user-friendly text offers guidance for selecting an art project for the unit and then zooms into the nitty-gritty of specific lesson plans, including how to identify materials for a project and how to construct classroom dialogue to help students develop ideas for their artwork. The text also considers standards, assessments, and extensions to other subject areas. Featuring accessible language, clear definitions, practical examples, and self-reflection prompts, this unique resource will help pre and inservice teachers create lesson plans that are useful to their specific contexts and methods of teaching. If you happen to be feeling weary, frustrated, or uninspired, this book sparks imagination, fuels hope, and gives you theories to support what you know needs to be done. From the Foreword by P. Bruce Uhrmacher, Christy McConnell, Moroye, and Bradley Conrad, educational researchers. Baxter invites us to slow down and consider the lesson plan as a creative catalyst to inspire our own artmaking, as well as a space to examine why and what we teach. Lisa Hochtritt, Maryland Institute College of Art. An inspiring and playful resource that is much more rewarding than typical lesson planning. It will surely spark your imagination with every flip of the page. Hailey Adlard, art educator, Parkland School District, PA.

Teaching and Learning in Art Education Debrah C. Sickler-Voigt, 2019-10-08 In this student-centered book, Debrah C. Sickler-Voigt provides proven tips and innovative methods for teaching, managing, and assessing all aspects of art instruction and student learning in today's diversified educational settings, from pre-K through high school. Up to date with the current National Visual Arts Standards, this text offers best practices in art education and explains current theories and assessment models for art instruction. Using examples of students' visually stunning artworks to illustrate what children can achieve through quality art instruction and practical lesson planning, *Teaching and Learning in Art Education* explores essential and emerging topics such as managing the classroom in art education, artistic development from early childhood through adolescence, catering towards learners with a diversity of abilities, integrating technology into the art field, and understanding drawing, painting, paper arts, sculpture, and textiles in context. Alongside a companion website offering Microsoft PowerPoint presentations, assessments, and tutorials to provide ready-to-use resources for professors and students, this engaging text will assist teachers in challenging and inspiring students to think creatively, problem-solve, and develop relevant skills as lifelong learners in the art education sector.

Lesson Planning with Purpose Christy McConnell, Bradley Conrad, P. Bruce Uhrmacher, 2020 This book takes readers on a journey through many pathways to engaging and meaningful educational experiences. The text first discusses Perceptive Teaching and then explores five unique approaches to lesson planning: behaviorist, constructivist, aesthetic, ecological, and integrated social-emotional learning. Chapters end with a sample lesson.

that can be compared across approaches The More We Look, the Deeper It Gets Nicola Giardina, 2018-09-30 The More We Look the Deeper It Gets Transforming the Curriculum through Art provides inspiration and practical guidance for teaching with works of art in order to deepen engagement and improve student learning The book introduces the Pyramid of Inquiry a flexible framework that teachers of all subject areas can use to support connections between students lives academic curriculum and works of art from across time and place Based on three years of research with New York City K 12 public school students and educators at the Metropolitan Museum of Art the book highlights best practices for teaching with works of art and shares exemplars from diverse classrooms Readers will gain valuable insights strategies and resources for leveraging the power of art to reach all learners *A Teaching Artist's Companion* Daniel Levy, 2019-08-02 A Teaching Artist's Companion How to Define and Develop Your Practice is a guide for working professional artists who also teach With humor and hard won insight author Daniel Levy and other master teaching artists narrate their successes and failures illustrating the essential techniques teaching artists need to thrive in the working world **Professional Learning from Classroom-Based Inquiries** Jyoti Rookshana Jhagroo, Patricia Martha Stringer, 2023-09-29 This book provides authentic practice based inquiries by pre service teachers Their reflective narratives showcase their individual inquiries as they navigated their self chosen professional learning journeys through the teaching as inquiry framework The narratives advance what it means to be a reflective practitioner in practice and highlight necessary dispositional skill sets to attain valuable professional learning through inquiry Through an inquiry stance pre service teachers are liberated from being knowledge consumers to local knowledge producers relevant to their practice The dissonance this shift creates negates the comfortable doing of teaching to make the act of teaching authentic relevant and powerful *Teaching Dance as Art in Education* Brenda Pugh McCutchen, 2006 Brenda McCutchen provides an integrated approach to dance education using four cornerstones dancing and performing creating and composing historical and cultural inquiry and analysing and critiquing She also illustrates the main developmental aspects of dance Art and Technology Sheyda Ardalan, Cheryl Adler Iozzo, 2021 Learn how to use digital technologies to provide a rich new entry point for art students to make meaning express their thoughts and visualize their ideas Through the lens of artistic development this book offers a wide ranging scope and sequence of over 50 technology based art lessons Each lesson plan includes the art activity learning level lesson objective developmental rationale list of materials and suggested questions to motivate and engage students The text also includes images of student work students at work and the environment of the classroom many in full color The authors pedagogical approach begins with inquiry based exploratory activities followed by more in depth digital art lessons that relate to students interests and experiences With knowledge of how technology can be used in educationally sound ways educators are better equipped to advocate for the technological resources they need By incorporating technology into the art classroom as a stand alone art medium or in conjunction with traditional studio materials teachers and students remain on top of 21st century

learning with increased opportunities for innovation Book Features Guidance for technology use in the K 12 art curriculum including specifics for adopting sequential strategies in each grade Cost effective strategies that place teachers and students in a position to explore and learn from one another Developmental theories to help art teachers and curriculum designers successfully incorporate new media Engaging digital art lessons that acknowledge the role technologies play in the lives of today s young people Novel approaches to art education such as distance learning animation 3D printing and virtual reality

Lesson Plans that WOW!
