After God Mark C. Taylor,2008-09-15 Religion Mark C Taylor argues in After God is more complicated than either its defenders or critics think and indeed is much more influential than any of us realize Our world Taylor maintains is shaped by religion even when it is least obvious Faith and value he insists are unavoidable and inextricably interrelated for believers and nonbelievers alike The first comprehensive theology of culture since the pioneering work of Paul Tillich After God redefines religion for our contemporary age This volume is a radical reconceptualization of religion and Taylor's most pathbreaking work yet bringing together various strands of theological argument and cultural analysis four decades in the making Praise for Mark C Taylor The distinguishing feature of Taylor's career is a fearless or perhaps reckless orientation to the new and to whatever challenges orthodoxy Taylor's work is playful perverse rarefied ingenious and often brilliant New York Times Magazine **Arteroids** Jim Andrews,2017-05-10 Arteroids is Jim Andrews's shoot em up poetry videogame Arteroids has shot em up from North to South America from Europe to Hong Kong from Australia to India It is one of the most well known works of digital poetry on the planet This book contains most of the hundreds of texts that the game can display after the player completes a level or is killed by marauding texts These texts address the player and explore the relations between poetry games and play The book also contains some of the texts that can appear during game play and new and old writings by Andrews about Arteroids The presentation of poetry in Arteroids is certainly unlike anything a print based author could achieve Few examples of electronic literature have ventured to offer such a Futuristic open and flexible poetic system Chris Funkhouser
