Behavior Modification Manual:

Manual of Behavior Modification John N. Marr, 2010-12-09 Almost all parents have children who have behavior problems. They feel frustrated and angry and sometimes helpless when nothing seems to work. Behaviors seem to get worse and worse. This Manual gives the parent methods of changing those behavior problems. Each of the methods have been tested by our Clinic and taught to these parents. They have reported their success and changes in the children. They also have reported how much happier the children are because they have learned exactly where the limits are. Similarly the Manual describes methods to help the parents of teen agers deal with everything from anger and disobedience to underachievement. All methods have been tested and found to be successful. Emphasis is placed on prevention of problems. **Behavior**

Modification with the Mentally Retarded J. L. Matson, 2013-03-14 Mental retardation has probably existed for as long as mankind has inhabited the earth. References to seemingly retarded persons appear in Greek and Roman literature. Examination of Egyptian mummies suggests that some may have suffered from diseases associated with mental retardation. Mohammed advocated feeding and housing those without reason. There is other evidence for favorable attitudes toward the retarded in early history but attitudes varied from age to age and from country to country. The concept of remediation did not emerge until the nineteenth century. Earlier in 1798 Itard published an account of his attempt to train the wild boy of Aveyron. A rash of efforts to habilitate retarded persons followed. Training schools were developed in Europe and the United States in the 1800s; however, these early schools did not fulfill their promise and by the end of the nineteenth century large inhumane warehouses for retarded persons existed. The notion of habilitation through training had largely been abandoned and was not to reappear until after World War II. *Behavior Modification* Luke S. Watson, Joan F. Bassinger, 1973
