Being A Strong Black Woman Can Get U Killed:

Bein a Strong Black Woman Can Get U Killed!! Laini Mataka,2000 The title is a lament for the strong Black woman who carried her family in her belly the community on her head and the race on her back A magical collection Slashing and critical Yet at the same time it is full of love insight and the nourishing stuff that s meant to keep us STRONG and ALIVE He's Gone...You're Back Kerika Fields,2009-01-01 Your relationship may be over but you ve only just begun It may have been a long time coming but the moment in your relationship when you know it s over once and for all has finally arrived And while this signifies an ending it also means a beautiful new beginning In this supportive and inspiring book Kerika Fields helps you navigate the dark scary post relationship abyss and come out the other side ready to laugh and love again With humor understanding and real life stories from women just like you Kerika shows you how to mourn the loss and move on Here is a mind body and spirit plan for recovery that will guide and reassure you through the worst days and prepare you for the future because the best really is yet to come Discover how to Commit to your recovery like you were committed to your relationship Avoid becoming another angry bitter woman there are enough of those Keep showing up to your life no matter how disappointed or depressed you are Fight and win the toughest battle between yourself and your demons Complete with a daily self love checklist affirmations recommended reading an uplifting You re Back playlist to get you dancing through your tears and much more Whether you re stuck in the limbo of a painful relationship or struggling in solitude this invaluable book will see you through to a life filled with abundance and joy Battle Cries Hillary Potter,2008-11-01 Contrary to the stereotype of the strong Black woman African American women are more plagued by domestic violence than any other racial group in the United States In fact African American women experience intimate partner violence at a rate 35% higher than white women and about two and a half times more than women of other races and ethnicities This common portrayal can hinder black women seeking help and support simply because those on the outside don t think help is needed Yet as Hillary Potter argues in Battle Cries Black Women and Intimate Partner Abuse this stereotype often helps these African American women to resist and to verbally and physically retaliate against their abusers Thanks to this generalization Potter observes black women are less inclined to label themselves as victims and more inclined to fight back Battle Cries is an eye opening examination of African American women s experiences with intimate partner abuse the methods used to contend with abusive mates and the immediate and enduring consequences resulting from the maltreatment Based on intensive interviews with 40 African American women abused by their male partners Potter s analysis takes into account variations in their experiences based on socioeconomic class education level and age and discusses the common abuses and perceptions they share Combining her remarkable findings with black feminist thought and critical race theory Potter offers a unique and significant window through which we can better understand this understudied though rampant social problem The Black Woman's Guide to Coping with Stress Cheryl L. Woods Giscombé,2024-06-01 Black women often feel intense pressure to be

strong and to do it all for others But at what cost In this empowering guide Black psychologist and registered nurse Cheryl Woods Giscombe introduces the innovative research based superwoman schema SWS framework five core beliefs that drive Black women s stress and provides self care practices grounded in mindfulness and self compassion to help readers find balance and live a life of joy and greater well being
