Being Neighborly A Novella:

Trouble Maker: A MacKenzie Family Novel Liliana Hart, 2016-02-16 Marnie Whitlock has never known what it's like to be normal. Her ability to see the future and people's innermost thoughts makes her an outcast, feared, loathed. Even by her own parents. And her father is determined to beat the curse out of her. Her only chance for survival is to escape. Surrender Beckett Hamilton has loved Marnie since they were kids, but one horrible night destroyed any future he'd hoped for. Now Marnie was back in Surrender and picking up where they left off is the only thing on his mind. He finds out quickly that some hearts take longer to heal and not everyone that's broken can be fixed. But loving Marnie isn't an option; it's his destiny.

Little Women: The Original Classic Novel Louisa May Alcott, 2020-09-05 Meg is the eldest and on the brink of love. Then there's tomboy Jo who longs to be a writer. Sweet-natured Beth always puts others first, and finally there's Amy, the youngest and most precocious. Together they are the March sisters. Even though money is short, times are tough, and their father is away at war, their infectious sense of fun sweeps everyone up in their adventures, including Laurie, the boy next door. And through sisterly squabbles, their happy times and sad ones too, the sisters discover that growing up is sometimes very hard to do. Based on Louisa May Alcott's childhood, this lively portrait of nineteenth-century family life possesses a lasting vitality that has endeared it to generations of readers. A wonderful story. As a child, I strongly identified with Jo because she is a writer.

Jacqueline Wilson *The American female myth* Madelon Bedell It is an essential American novel, perhaps the essential American novel for girls. Girls come to it on their own. Jane Smiley In *Little Women*, Alcott anticipated realism by twenty or thirty years. G. K. Chesterton

Before She Was a Finley: A Novel Carol Hoenig, 2024-09-10 In Carol Hoenig's previous novel *Without Grace*, it is believed that Grace Finley walked out on her husband and two young children to fulfill a selfish dream of becoming a famous singer, leaving behind rumors and questions among her family and townsfolk in the mountains of Upstate New York. Now in *Before She Was a Finley*, it is years later when Adele, a reluctant young journalism student, is assigned to get a story from a local nursing home where she comes across elderly Grace Finley. Over time, Grace slowly takes Adele back to the 1930s and subsequent years that follow as she provides bits and pieces that eventually reveal the dark truth as to why she walked out on her family, carrying only a guitar and suitcase. Adele knows that the class assignment was simply to write about a local person, and even though journalists aren't supposed to be a part of the story, she cannot shake what she discovered and wants to do more to set the record straight. But is there anyone still alive who would care? In reviewing *Without Grace*, North Country Public Radio said, "We need more North Country novels like *Without Grace*, novels with a keen sense of place." *Before She Was a Finley* answers that call.
